CITY POLICE BOARD TO STUDY TRAFFIC

Committee Seeks To Curb Crashes; Joint Conferences Will Be Suggested

Painstaking study of Atlanta traffic conditions and enforcement methods with a view of modernizing them and of reducing hazards will be inaugurated at the semi-monthly meeting of the police committee to be held tonight at the police station, it was announced Wednesday by Councilman G. Dan Bridges, chairman.

Bridges said he would seek a joint conference between Chief T. O. Sturdivant, Captain Jack Malone, head of the traffic bureau, and the members of the police committee with a view of ascertaining just what the enforcement problems are.

It is probable that Bridges will ask the police committee, which now has supervision of all traffic, to name a special subcommittee to make an exhaustive study of traffic.

The police committee chairman expressed himself as being entirely in sympathy with announced intention of civic organizations and others to make drivers "safety conscious."

"The traffic problem is one of the most perplexing which the police committee faces," Bridges said. "It is a big job and will require much concentration and careful thought. Enforcement facilities must be brought up to a high standard of efficiency and we must arm our officers with the most modern systems in order to cut down the appalling loss of life and property in and near Atlanta."

"There should be a close liaison between enforcement agencies of the city of Atlanta and other contiguous police authorities in order that we can make traffic enforcement effective. Our committee, as far as I am able, will co-operate to the limit in any move to reduce hazards and to make streets safe for motorists and pedestrians."

W. H. Glover, Forsyth county farmer, was found guilty of driving while intoxicated by a jury in city criminal court Wednesday. Judge Jesse M. Wood imposed a fine of \$50 and gave Glover 12 months on probation, conditional upon his not driving in Fulton county.

S. W. Martin, of 314 East Princeton avenue, College Park, was fined \$50 and placed on probation for three months on a similar charge, with the usual non-driving provision. Frank Copeland, negro, living in the rear of 1383 Peachtree street, was fined \$25 and given 12 months on probation, not to drive.

They need more!

Yesterday we delivered to Atlanta relief agencies hundreds of suits and overcoats for which we allowed \$5 each on the purchase of new clothes.

---But they say they need more. So we continue to offer today, Friday and Saturday

\$5 for

YOUR OLD SUIT OR OVERCOAT

when you buy a new

HART SCHAFFNER & MARX WINTER OVERCOAT

or a

YEAR 'ROUND SUIT

at our

February Clean-Up Sale prices of

\$23 \$28
\$31.50 \$38

Bring your old winter suit or overcoat with you and we'll give you \$5 for it. No strings tied to this offer

We'll turn them over immediately to relief agencies of Atlanta for distribution to needy men

Remember, you get \$5 off low SALE prices and this offer positively ends Saturday

ZACHRY

87 Peachtree St., N. E.

ARMY MAIL SHIPS LAND HERE TODAY

War-Time Pilot Will Base Here With 20 Officers and 30 Enlisted Men.

Captain E. H. Waller, war-time pilot and commander of the 35th pursuit squadron, of Langley Field, Va., will arrive at Candler Field some time today at the head of 20 officers and 30 enlisted men to take over the flying of the air mail Monday.

Captain Waller will be in charge of the army air mail service on the Atlanta-Miami, Atlanta-Chicago and Atlanta-Richmond routes, with his base at the army hangar at Candler Field, it was said. The squadron is expected to bring at least 10 airplanes. A corps of 10 mechanics arrived Wednesday to service the army air mail ships.

The new director of air mail flying in the southeast, under Major B. Q. Jones, commander of the eastern district of the air mail, is a Kentuckian who joined the army during the war. Reserve officer pilots will be used for some of the mail flying, but this service will be restricted to officers already on extended active duty, it was said.

Waller was received Wednesday by L. D. Seymour, president of American Airways, Fort Worth, Texas, that no flying schedules of that system will be discarded as the result of the government action in cancelling the New Orleans line, it was said. Personnel of the system will be retained intact, Seymour said. The post office department Wednesday announced that the Atlanta-New Orleans route, via Birmingham and Mobile, will be put into service as a "secondary" air route February 20, the day after the army takes over routes previously announced. The existing set-up of one round trip daily will be unchanged on the Atlanta-New Orleans line, it was said.

Postmaster E. K. Large said that the new air mail schedules are available for inspection at the post office.

PLANES MAY INVADE FORBIDDEN AREA OF INNER TIBET

SHANGHAI, Feb. 14.—(AP)—American airplanes may penetrate on regular schedules the mysterious region of Lhasa—its secrets guarded from the world for centuries—before the year is ended.

The China National Aviation Corporation revealed today that if its plans mature, regular passenger and mail service between Shanghai and the remote Tibetan capital will be established before 1935.

Pan-American Airways holds a 45 per cent interest in the concern. It is American managed, uses American airplanes and American pilots fly them. The journey will take only four days, whereas weary travelers now must count on three months.

Regular air service exists now as far as Chengtu, capital of Szechwan province, 800 miles from Lhasa. Air fields to be used on the route already have been completed at Batan and Kanton.

Political relations have been improved between the Nanking and Lhasa governments since the death of the Dalai Lama, late temporal ruler of Tibet and after 1924 the self-appointed spiritual ruler as well.

As a result, the aviation corporation believes Tibetan authorities will welcome the establishment of the air service.

MACCRACKEN GUILTY SENATE CONTEMPT

Continued From First Page.

ants to remain in the custody of the sergeant-at-arms in the meantime.

The four were cited for contempt by the senate air mail investigating committee after MacCracken had refused to surrender to the committee he had in his file. Later, after receiving words from air mail companies whose correspondence were included in the files they were not in, he offered to give up the letters.

In the meantime, however, Brittin had taken some of his correspondence out and destroyed it. Givvin had taken other letters and mailed them to Hanshue in New York but they were returned to the committee by Hanshue. This act was apparently gained clemency for them.

Brittin, a vice president of Northwest Airways, had, like MacCracken, protested that the senate had no authority to punish him. Hanshue and Givvin are officials of Western Air Express.

The correspondence had been sought by the senate committee in its investigation of air mail contracts. As a result of the cancellation of the contracts, it was disclosed that MacCracken had been secretary of a conference of air line operators here in 1930 in which Postmaster-General Farley said arrangements were made for dividing up the air mail routes of the country.

ALL LINES GUILTY, FARLEY DECLARES

Continued From First Page.

United States and the practical elimination of competitive biddings, Farley said.

"Every corporation whose contracts I annulled, or its predecessor or its subsidiary corporation, had representatives in the conferences... which I am convinced was contrary to law."

The postmaster-general said he did not believe congress intended air mail appropriations to be used for the benefit of a few favored corporations or as the basis of wild stock promotions resulting in profits of tens of millions of dollars to promoters who invested little or no capital."

At the conclusion of the air mail conferences, Farley said a written report embodying recommendations and an agreement for division of territory was filed with Brown but that this had not been found in the post office department files nor among papers returned by Brown to the investigating committee.

Would Rebuild.

In discussing ocean mail contracts, Mr. Roosevelt indicated he desired a rebuilding of the government set-up for fostering an American merchant marine and granting an outright subsidy instead of proffering it under the guise of payment for the carrying of mail.

The administration and congress already have displayed evidence of possible action on the ocean mail contracts similar to that taken by Farley in dealing with air mail contracts.

The senate committee is expected to resume its study of the ocean mail contracts immediately after it completes the current air mail investigation.

Farley Statement Explains Cancellation of Contracts

WASHINGTON, Feb. 14.—(AP)—The text of Postmaster-General Farley's letter to Senator Black, chairman of the mail subsidy investigating committee, explaining the cancellation of all air mail contracts, follows:

"My Dear Senator Black: I have issued an order annulling all domestic air mail contracts, and believing that your committee would be interested in knowing the reasons therefore I submit the following:

"I do not believe there were intended after a most thorough investigation covering a period of several months. Moreover, I had the benefit of the opinion of the solicitor for this department, which conclusions of law were personally examined and approved by the attorney-general.

"The air mail appropriation should be expended for the benefit of a few favored corporations, which could use the funds as the basis of wild stock promotions resulting in profits of tens of millions of dollars to promoters who invested little or no capital. Nor was it intended to be used by great corporations as a club to drive competitors out of business and into bankruptcy. Nor should appropriations and contracts be given to a few favored corporations by connivance and agreement.

Many Lines. "At the time of the passage of the Waterways Act, 1910, there were many reasonably well established air transport passenger lines desirous of obtaining air mail contracts, which received the consideration which was given in 1925. Five of these contracts were executed November 7, 1925, and would have expired by operation of law November 7, 1930. These contracts were issued on November 6, 1925, by Second Assistant Postmaster General Irving Glover extending these contracts for a period of six months so as to make them terminate May 7, 1930.

"I am satisfied that the extension of the contracts for said period of six months was illegal. There was no attempt whatever to readvertise said routes or reward them, or emergency requiring them to be let without competitive bidding. The course pursued was a part of the conspiracy hereinafter mentioned. Extensions of these contracts for a period of 10 years, under the second 'certificate' method, were arbitrarily made by Postmaster-General Brown on May 8, 1930. Then Postmaster-General Brown proceeded to build up, by so-called 'extensions' of routes, part of the system of the United Aircraft and Transport Corporation, and the Transcontinental and Western Air Systems. This means, in simple terms, that if one of these companies had a contract for a route through a route, a transcontinental system could be built on that short line. To illustrate, if one had a route from Boston to New York, it could be extended from city to city until it reached the Pacific coast without competitive bidding. These great systems were built in this manner.

"I am convinced that before any of the air-mail contracts were awarded, those interested held meetings for the purpose of dividing territory and contracts among themselves. Indeed, certain air transport operators who had not been invited to attend were refused admission, when they attempted to gain entrance.

Held in 1930. The conferences were held during May and June of 1930. Some of the meetings were held in the postoffice building and attended by Postmaster-General Brown and Second Assistant W. Irving Glover, Mr. William P. MacCracken Jr., of the Transcontinental Air Corporation, a part of the North American Aviation Corporation, was named as chairman of these meetings and the minutes prepared by himself list the following as present:

"United Airlines: Paul Henderson, Phil Johnson, George Wheat, Ray Ireland and James Murray; Transcontinental Air Transport: Dan Scheffer, Jack McIndoo, George Cuthrell and Allen J. Furrow; Eastern Air Express: Harris Hanshue and James Woolley; National Parks Airways: Alfred A. Vandenburgh; United States Express (Aviation): Louis Mueller; Aviation Corporation: F. C. Coburn and Hainer Hinchaw; S. A. F. Express (Aviation): Reje W. Williams; Mayo and Ted Clark; Eastern Air Transport (North American): Thomas Doe, Harold Elliott and John K. Otley Jr.; Thompson Aeronautical (United): Rex Marshall and William I. Denning; United States Airways: Lew Holland and N. A. Letson; Pittsburgh Aviation Industries: Dick Robbins and George R. Hunt; Clifford Ball; Curtis Flying Service; Frank Russell and Burdett Wright; and Delta Air Service: E. V. Moore and Mr. Woolman.

Contracts Divided. "These meetings resulted in a division of all air mail contracts of the United States and the practical elimination of competitive bidding. A written report embodying recommendations and an agreement for a division of territory was filed with Postmaster-General Brown June 4, 1930. A copy thereof is now in the files of the postoffice department. The original of this report, which Mr. MacCracken admits was signed, was not found in the files of the department. It was clearly his duty to annul all of these contracts.

"The corporations represented by the persons who participated in the conference all secured extensions, consolidations, increased allowances or favors not contemplated in the original contracts, with the exception of the National Parks Airways and his corporation was awarded a mail contract. It does not appear that he took an active part in the conference or secured any extensions of the route over which his concern operated. Before such route is readvertised further investigation will be made of this matter.

Illustrations. "The following are illustrations of the practices pursued by the contractors: "It was agreed at the meeting terminating June 4, 1930, that American Airways should have the southern transcontinental route from Atlanta to Los Angeles. On August 23, 1930, two written contracts were executed involving this route. One was between American Airways and Erie P. Halliburton, who controlled Southwest Air Fast Express, Inc., and who was not only present at the conference but was bidder for the southern route. American agreed with Halliburton that if the latter would join with an American subsidiary known as Robertson Aircraft Corporation and make a bid on the southern route, it would then buy the rights acquired from the postmaster-general and pay Halliburton and his corporation \$1,400,000. This was to be done by the organization of a corporation to handle the transaction. The contract to purchase the Halliburton company was contingent upon the company securing from Postmaster-General Brown the contract to carry the mails from Atlanta to Los Angeles. Postmaster-General Brown awarded the contract as prearranged.

"The other agreement, executed simultaneously, was between the company, Robertson Aircraft Corporation, and Western Air. This concern agreed to pay American Airways for some stock and a half interest in a hangar at Tulsa, Okla., \$1,399,500, thus providing money that American could use to pay Halliburton. Western Air at this time was also flying the southern route from El Paso to Los Angeles and it abandoned this route in favor of the other company so that they could fly the entire southern route from Atlanta to Los Angeles. The agreement between these corporations was also a contingency. It was not to be effective unless the Halliburton contract was awarded. Western Air secured the route known as the middle transcontinental route from New York by way of Pittsburgh, 283 miles from there to Los Angeles. It was agreed that if Postmaster-General Brown did not give the middle transcontinental route to Transcontinental and Western Air, the Western route was not to be effective. Postmaster-General Brown also awarded this contract to Transcontinental and Western Air.

\$1,970,282 Over. "Whereas under the bid for the southern route from Atlanta to Los Angeles, American Airways would have been paid \$2,338,675.60, it was actually paid \$3,308,958.41, an excess of over the actual bid of \$1,970,282.71. During this period it was carrying less than the minimum amount of air mail provided for under the contract. There being only one bid for the southern route, it was awarded at 100 per cent of the maximum rate allowed by statute. The middle transcontinental route (now held by Transcontinental and Western Air) was advertised for bids. There was a bid of 64 per cent of the maximum rates and the high bid of Transcontinental and Western Air was \$7 1-2 per centum more.

"The contract was awarded, apparently without justification, to the high bidder, which has been paid from the starting date of November 20, 1923, the sum of \$7,578,624.60. It had been let to the low bidder, the amount paid would have been \$4,974,689.78. There is, therefore, been paid to the high bidder during this period the sum of \$2,603,937.68 more than would have been paid if the contract had been awarded to the low bidder.

"The contract in Route No. 32, from Pasco to Spokane to Portland to Seattle, Wash., was awarded to Varney Air Line July 1, 1930, at a rate of \$2.43 per pound. If the mail had been carried under the original contract, the cost to the department would have been \$1,019,500.78, or an excess on this route of the sum of \$951,908.36.

\$7,800,000 Paid. "There has been paid to air mail carriers for the fiscal years 1930, 1931, 1932, and up to December 31, 1933, more than \$78,000,000. The air mail carriers collectively have been given contracts upon the basis of more than twice as much space as was actually needed or used. In sundry instances this made possible a change of the terms actually advertised. If payment had been made for the service actually rendered, the cost would have been about 40 per cent of the above amount. The excess payment, during this period aggregate, therefore, the sum of about \$46,800,000.

"My investigation, based on the records, books, papers, contracts and documents in the department, or in the files of your committee, or taken from the files of Mr. MacCracken, shows that every corporation whose contracts I annulled, or its predecessor or its subsidiary corporation, had representatives in the conferences hereinafter mentioned, which I am convinced, was contrary to law. It is incontrovertible that the 1930 meeting was held, that it was confined to those who subsequently obtained the contracts, that the provision of law calling for competition in bidding was not carried out, and that all the present domestic air mail carriers secured contracts based on conspiracy or collusion, with the possible exception of the National Parks Airways, which will be given further consideration.

"Administrative officers of the United States have authority and it is their duty to annul any contracts procured illegally or by fraud. The act of June 8, 1927, provides: "No contract for carrying the mail shall be made with any person who has entered, or proposed to enter, into any combination to prevent the making of any bid for carrying the mail, or who has made any agreement, or given or performed, any consideration whatever to induce any other person to refrain from making such contract; and if any person so offending shall be a contractor for carrying the mail, his contract may be annulled; and the first beyond the person so offending shall be disqualified to contract for carrying the mail for five years, and for the second offense shall be forever disqualified." (39 U. S. Code 432; R. S. Sec. 3950; Act of June 8, 1927, C. 335.)

"In view of the facts heretofore recited and the plain provisions of the law, it was clearly my duty to annul all of these contracts.

"Very truly yours, "JAMES A. FARLEY."

STATE TO EXECUTE FOUR DOGS TODAY FOR BITING CHILD

CORTLAND, N. Y., Feb. 14.—(AP) Sport, Pal, Curley and Jack, convicted of being "murderous dogs," will be led out for their last walk here today morning to pay for their lives for an attack that may cost Joyce Hammond, 6-year-old McGraw schoolgirl, the use of her right arm as long as she lives.

But Joyce knows nothing about the forthcoming execution. She has been told only that the animals, a bulldog, a police dog, a water spaniel and "just an ordinary dog," are "locked up."

Schoolmates sent a "sunshine basket" filled with toys to her hospital room. McGraw residents already have started collecting funds to help pay hospital costs.

For the condemned animals there will be no special last meal in the morning. The village of McGraw, paying the cost of keeping them in barred cages at an animal hospital here, and the cost of execution, saw no reason for increasing their charge.

If Dr. E. V. Moore, county veterinarian, has his way, there will be no witnesses of the death scene. He would not discuss today the method to be used in the execution. Previously he had indicated a belief that the injection of a poisonous drug would be most humane. Meanwhile, Postmaster-General Brown of the Peace A. P. McGraw before deciding Justice McGraw's orders for the execution, after he heard 15 witnesses, did not specify a method. He was out of town today.

FARLEY REBUKES LINDY FOR WIRE

Flyer Not in Possession of All Facts, Postmaster-General Declares.

NEW YORK, Feb. 14.—(AP)—Replying to the protest of Charles A. Lindbergh by telegram today, Postmaster-General James A. Farley declared that if Lindbergh had been in possession of all the facts relating to the cancellation of air mail contracts he "would realize that no injustice had been done."

"Your wire of February 11 addressed to me for reply," Farley telegraphed. "I am certain that if you would not feel that any injustice had been done or will be done."

The telegram was made public at the office of Lindbergh's attorney, Earl A. Tamm, in New York City. Lindbergh is technical adviser to Transcontinental and Western Air, Inc., one of the largest air lines affected by the order which cancelled existing air mail contracts.

His protest to President Roosevelt drew White House criticism because it was made public before the president had a chance to read it. Lindbergh received Farley's reply at the home of his mother-in-law, Mrs. Dwight W. Morrow, in Englewood, N. J., and telephoned its text to the office of Attorney Henry Breckinridge. He was not present when it was given out and there was no comment.

Meanwhile the army has been asked to revoke the commission of Colonel Charles Lindbergh in the officers reserve corps.

Benjamin J. McMahon, of New York, who made the request, accused Colonel Lindbergh of "conduct unbecoming an officer and a gentleman" in sending to President Roosevelt the telegram protesting cancellation of air mail contracts.

Touhy Gang Members To Be Tried in Chicago

BALTIMORE, Feb. 14.—(AP)—State's Attorney Herbert R. O'Connor announced tonight that Maryland's charges against the alleged members of the Touhy gang captured here Sunday would be withdrawn and the gang members would be returned to Chicago to face charges of kidnapping John Factor, the speculator.

Those under arrest are: Basil J. (the Owl) Banghart, under indictment in Chicago in connection with the kidnapping of Factor and also wanted by the federal government for the \$105,000 mail robbery in Charlotte, N. C., last November.

Isaac Costner, identified by Factor as a member of the gang of his abduction, and also implicated in the mail truck robbery.

Mrs. Tom Touhy, who identified herself as the wife of a Chicago gang leader.

May Davis, who occupied an apartment with Banghart and is wanted by the federal government for participation in the Charlotte robbery.

"Terrorism" Spreads In Laundry Strike

BIRMINGHAM, Ala., Feb. 14.—(AP)—The hand of "terrorism" police said today had entered the strike of more than 1,000 laundry and dry cleaning workers.

The strike began Monday, but has failed to completely tie up the industry.

Police investigating two bombings and several cases of threats being thrown into the homes of non-striking negro workers said there was an apparent attempt to frighten them and others into joining the walkout.

The union, however, disclaimed any knowledge of violence and declared that the strike would be peaceful and orderly and devoid of "sensationalism," adding "we will win."

Flyer Burns to Death In Spectacular Crash

NEW ORLEANS, Feb. 14.—(AP)—Captain Merle Nelson, 43, of Hollywood, Cal., was burned to death tonight at the Pan-American air races in the crash of his comet night-flying plane in front of the grand stand.

His plane was destroyed. His body was burned beyond recognition. The ship had just gone through a loop at an altitude of about 600 feet and the pilot was attempting to right it when it nose-dived to the ground and burst into flames.

REGULATIONS ADOPTED BY DEMOCRATIC GROUP

At a meeting held Wednesday Fulton county democratic executive committee passed upon rules to govern its operation, the rules having been prepared by Judge J. Wilson Parker, chairman of a committee appointed some time ago to prepare printed regulations.

Under a section providing for contest and recount in county elections, a candidate who is dissatisfied with election results must file his complaint within five days, stating his grounds of contest. Such complaint then will be referred to a subcommittee and if the losing candidate is not satisfied with the subcommittee's report he may appeal to the whole committee.

Any candidate calling for a recount will be required to pay the actual cost of such count, according to the amount of work involved.

COTTON CUT BILL RAPPED BY LINDER

Georgia, Nearby States Discriminated Against, Talmadge Aide Charges.

Discrimination against Georgia and surrounding states in the Bankhead bill for cotton crop reduction was charged in a statement Wednesday by Thomas M. Linder, executive secretary to Governor Eugene Talmadge and widely discussed as a potential candidate for Georgia commissioner of agriculture.

The southeast already has made enough cotton acreage reduction, Linder said, but the western states have not cut proportionately. For that reason, he argued, the proposal to allot production to each state on the basis of its average crop for the last five years will work a hardship in this area.

Linder was asked if the statement should be construed as the opening of a campaign for commissioner of agriculture.

"What's that got to do with it?" he asked by way of answer. "I'm a cotton farmer."

He would not discuss the matter further.

The Bankhead bill, if it becomes law, Linder said, "will give the four states of Texas, Oklahoma, Arkansas and Mississippi practically a monopoly on raising the cotton crop for this country."

He said the allotment on the proposed basis for a 9,000,000-bale crop, would give Texas 2,903,400 bales, Mississippi, 938,900; Oklahoma, 885,800; Arkansas, 778,500; Alabama, 736,200; Georgia, 684,000; South Carolina, 495,900, and North Carolina, 588,500.

The allotment to Georgia would be only a "measly amount—about one-third of the normal crop," Linder went on, adding that it is clear that with this arrangement 15-cent cotton would bring to Georgia no more money than 5-cent cotton would bring for a normal crop.

He compared the farm populations of Georgia and Texas to reach the conclusion that under the Bankhead bill, "the right will be given to a citizen of Texas to grow three times as much cotton as a citizen of Georgia will be permitted to grow."

Since 1914, and including the acreage plowed up last year, the statement continued, Georgia has cut cotton acreage 55 per cent to lead the nation in reductions. Linder said South Carolina followed with 48 per cent, Alabama with 38, and North Carolina with 20.

In the same period, he said, Arkansas increased acreage 18 per cent, and Oklahoma 4, while Texas and Mississippi were cutting only 5 per cent.

On the basis of what he called "normal crop years," before the reductions in the southeast began to be made, Linder said, the Bankhead bill would permit Georgia to plant only 32.5 per cent of a crop, Alabama 45.5 per cent, South Carolina 52 per cent, and North Carolina 52 per cent, while Mississippi could plant 67.5 per cent, Texas 67, Arkansas 77, Oklahoma 63, and Louisiana 70.

The bill would cut Georgia production to a little over one-third of its production before the boll weevil invaded the state, Linder said, "and a whole lot less than she has ever produced in the last 50 years."

Freight Delayed.

Government Quits In Czecho-Slovakia

PRAGA, Czecho-Slovakia, Feb. 14. (AP)—The government of Czecho-Slovakia resigned today on account of the dissatisfaction of the Czech national democrats over the recent devaluation of the currency.

The national democratic party withdrew the minister of commerce, Josef Malypetr, from the cabinet, and went into opposition to the government.

It was understood that Premier Malypetr would remain as head of the government and all other changes will be minor.

STOPS ITCHING In One Minute

D. D. D. Prescription Speeds Relief

For quick relief from the itching of pimples, blotches, eczema, rashes and other skin eruptions, apply Dr. Dennis' pure cooling, liquid, antiseptic D. D. D. Prescription. Thirty years' world-wide success. Its gentle oils penetrate the skin, soothing and healing the inflamed tissues. No fuss—no muss. Clear, greaseless and stainless—dries up almost immediately. Try D. D. D. Prescription today. Stops the most intense itching instantly. A 35c trial bottle, at any drug store, is guaranteed to prove it—or money back. D. D. D. is made by the owners of ITALIAN BALM.

Gall Stone Colic

Avoid operations if possible. Treat the cause in a sensible, painless, inexpensive way at home. Write Home Drug Co., 1830 N. Fourth St., Minneapolis, Minn., for a free booklet, "Gall Stone Colic," and a 35c trial bottle of the powerful, pain-killing, gall stone remedy. It is guaranteed to relieve the most intense gall stone colic, and to dissolve the stones in the gall bladder. Write for your free booklet and 35c trial bottle today. Clip this out now—(adv.)

STOP A COLD THE FIRST DAY!

Don't let it run and become a menace! Take Grove's Laxative Bromo Quinine at the first sneeze or chill. It "knocks" a cold quickly because it does the four things necessary—opens the bowels—combats the cold germ and fever in the system—relieves the headache and grippiness—and tones the entire system. 50c and 80c at all drug stores.

Grove's LAXATIVE BROMO QUININE

Do You Really Want
To Stop That Cough?

You can do it with a couple of doses of Broncholine Emulsion—with half a bottle anyway. It's no pleasant-tasting, sweet sugary cough syrup but it's one with a real kick. As a matter of fact, it feels great going down, gives INSTANT RELIEF. Soothes a hacking, racking cough almost while you are swallowing it. Money back if it doesn't give you relief. Jacobs Pharmacy and all other good druggists guarantee it—(adv.)

R. B. McDUFFIE SR., 65, DIES AT HOSPITAL HERE

Veteran East Point Council-
man Was Prominent in
Politics, Labor Circles.

Roderick B. McDuffie Sr., 65, widely known in East Point, where he had been a member of city council for six terms, died early Wednesday at a private hospital after an

R. B. McDUFFIE SR.

extended period of failing health. He resided at 401 Ware avenue, East Point.

A resident of East Point for 26 years, Mr. McDuffie was for 47 years an engineer with the Central of Georgia railroad and was prominent in city politics in East Point.

Funeral services will be held at 2:30 o'clock this afternoon at the First Baptist church of East Point, of which he was a member. The Rev. J. A. Crumley, the Rev. W. A. Duncan, the Rev. J. T. Robbins and the Rev. C. M. Wardlaw will officiate, and interment will be in Greenwood cemetery, with A. C. Hemperley & Sons in charge.

He is survived by his wife; a daughter, Mrs. E. L. Barfield; six sons, G. Albert, Dan A., Rennie L., Frank D., Ralph E. and R. B. McDuffie Jr., all of East Point; and a sister, Mrs. H. A. Williams, of Atlanta.

Mr. McDuffie was a member of the Brotherhood of Locomotive Engineers, the Association of War Veterans, the East Point lodge, F. & M., the K. K. K., the Knights of Pythias and the Eastern Star. Members of these organizations will form honorary escorts at the funeral, as will representatives of the American Legion posts in Fulton county.

The six sons and H. B. Coleman and Dr. C. H. Glass will act as pallbearers and an escort of honor will be formed by the city council of East Point.

SLEEPING BEAUTY ENDS SECOND YEAR IN GRIP OF COMA

CHICAGO, Feb. 14.—(AP)—On February 13, 1932, Patricia Maguire, then 27, stepped out of her house in suburban Oak Park to mail a Valentine to a niece.

That was the last time she left it. For soon afterward she began a long sleep—a sleep that has lasted about 17,500 hours, and which is as mysterious to science today as it was when its symptoms were first noticed two years ago.

The first indication of her ailment came on January 19, 1932, when she evidenced drowsiness.

By February 15 she was having an attack of double vision, and on February 21 she spoke for the last time since the attack began. By February 24 she had lapsed into a complete coma.

During the long sleep she contracted lobular pneumonia, but recovered, and since has gained in weight.

Now much longer she will sleep continues to baffle physicians, but her mother, Mrs. Peter Miley, and her sister, Mrs. Gladys Hansen, who have stood by the young woman these past two years, remain hopeful that she some day will awaken.

RFC Offers \$2,426,567.74 On Resources of 39 Banks

Applications for Nearly
Two-Score Georgia In-
stitutions Acted On, Ry-
burn G. Clay Announces

The Reconstruction Finance Corporation, through its deposit liquidation board, has offered to advance a total of \$2,426,567.74 on the assets of 39 closed Georgia banks whose applications for loans have been acted on. Ryburn G. Clay, president of the Fulton National bank and chairman of the liquidation committee for the sixth federal reserve district, announced here Wednesday. Mr. Clay made public a compilation showing that the amount had been offered on the assets of the closed institutions after a computation showed that the applications for the same banks had totaled \$4,224,113.34.

The applications of seven other Georgia institutions are now before

NAME OF BANK AND LOCATION.	Loan Applied for.	Amount.	Date of Closing.
Milton County Bank, Alpharetta.	\$19,442.72	\$10,000.00	1-31
Bank of Arlington.	43,137.98	22,000.00	11-10-31

Bank of Statesboro.	491,921.21	3-8-33
Vienna State Bank.	8,511.38	10-1-31

BOND 'DOUBLE-CROSS' IS CLAIMED BY REECE

NASHVILLE, Tenn., Feb. 14.—(AP) Joseph I. Reece was represented to a criminal court jury today as having told of handling \$90,000 of the \$100,000 of bonds he is accused of stealing from the state insurance department, but as claiming he was "double-crossed" when the securities were posted as stolen.

Joe B. Williams, a special investigator, quoted the defendant as saying the \$90,000 of bonds were delivered to him January 27, 1933, by Joseph S. Tobin, who supplanted him as state insurance commissioner, under an agreement whereby Reece was to see that they were marketed, and that Tobin "double-crossed" him after "guaranteeing him that everything was going to be all right."

Implications that he had any connection with the missing papers were vigorously denied by Tobin several days ago when he appeared as a prosecution witness and was questioned by the defense. He said his first knowledge of the bonds had disappeared was on January 31, when he received a telegram in Memphis from Reece saying the manager of the blue sky division had reported the disappearance.

The state finished its examination of Williams and District Attorney General Richard M. Atkinson said he thought he had completed his case. Thomas L. Cummings, of defense counsel said he expected to put Reece on the stand tomorrow after cross-examining Williams.

I missed the redpolls, the finches of various sorts, and above all the evening grosbeaks that I came to know in Michigan snows. I remember collecting a series of 12 evening grosbeaks for a group in the University of Michigan museum. The group was completed shortly before I left Ann Arbor, and I saw it again at Easter in 1932. I wish for them here, but they will never come this far south in winter until the onset of another ice age. We have splendid winter birds without them, however, and I for one intend to get better acquainted with them.

The slate-colored juncos, whose acquaintance I made on their breeding grounds in central Michigan, were there, too. There are said to be two subspecies of the junco, so we will again refer you to the two foregoing ornithologists. These two varieties are indistinguishable in the field. One should have the bird in hand to tell what it is, and frankly I don't want the bird in hand. I had rather have it on the snow.

Georgia Fields And Streams By H. A. Carter.

To go ahead with the birds that I watched on the late departed snow. I want to name next the mockingbirds. They were of abundant, but one or two could be found around the feeding station at almost any time. My friend up the street tells me that there is in his yard a mocker that has staked out a claim on one—ritual dogwood tree. He has served notice on all comers that the berries in that tree are for his exclusive use, and the faintest suggestion of a trespasser is the immediate signal for severe punishment. To date his victims include jays, chickadees, titmice, and one flicker. The mocker, by the way, was almost a draw, for the flicker consumed 11 berries, the last one while tussling with the mocker on the snow.

Sparrows were in attendance at the feeding stations to my great confusion. Sparrows are the "great humblers" of the bird kingdom, so far as I am concerned. Whenever I begin to think I am learning something about birds, here will come a flock of sparrows that will humiliate me completely. They are as bad as some flycatchers. So, please, if you have any feeling for me at all, don't ask for the names of the sparrows that were there. I have a guilty feeling that I should have known at least half of them. You might call on Earle Greene or Dr. Rogers for the information on any and all birds anyway.

The slate-colored juncos, whose acquaintance I made on their breeding grounds in central Michigan, were there, too. There are said to be two subspecies of the junco, so we will again refer you to the two foregoing ornithologists. These two varieties are indistinguishable in the field. One should have the bird in hand to tell what it is, and frankly I don't want the bird in hand. I had rather have it on the snow.

Fascism in Europe Doomed, Says Pierre de Lanux Here

League of Nations Attache To Address Citizenship Institute Today; Debate Features Session.

Fascism in Europe is doomed, Pierre de Lanux of the Paris office of the League of Nations, said Wednesday as he arrived in Atlanta to take an active part in the seventh annual session of the Emory University Institute of Citizenship. A feature of his visit will be a lecture at 1 o'clock this afternoon at the Emory cafeteria on "Henry of Navarre," upon whose life he has written a book, to be delivered

at a meeting of the Alliance Française. Mr. de Lanux said that there is a growing apathy toward fascism in Europe and that except in Germany and Italy the people will "not tolerate the spread of power leadership doctrine." He stressed that a more international knowledge of affairs and the growing friendliness of Russia will halt the spread of fascism.

Debate Is Feature. The session Wednesday night featured a debate between Dr. T. J. Cauley, of Emory University, and Professor Fred B. Wann, of Georgia Tech, on "Resolved: That the United States should return to the gold standard." Taking the affirmative, Dr. Cauley said: "Inflation will only bring temporary recovery and is liable to crash and send prices up at any time and cause life speculation. At best it will be a shot in the arm and by all means the United States should return to the gold standard. Farmers are sunk so far as making money is concerned, except in those who are speculating enough to support themselves. This occurred because we lost our foreign markets."

Defending "the necessity of inflation," Professor Wann said the total indebtedness, individual and national, had brought about the only alternative—deflation.

"The government," said Professor Wann, "has the power to readjust in case prices get too high."

To Have Round-Table. Mr. de Lanux will conduct a round-table on the same subject at 11 o'clock this morning. At the same time Robert Sattell will hold the second phase of a round-table on "A New Deal in Local Government."

Round-tables at 3 o'clock this afternoon will be held by Miss Elaine Mason, of the National Consumers' League, New York city, on "The New Deal and the Consumer," and by Dr. G. E. Evans, Steve Nance, Dr. Malcolm Bryan and Dr. Robert Elzezer on "The South and the New Deal."

"It's quit this prattle about the inevitability of war," urged Dr. Gordon, of the World Alliance for Friendship Through the Churches, who spoke Wednesday morning, after reviewing the history of armaments and declaring that they are a hold-over from savagery which man failed to discard as he progressed.

"War Is Man-Made." "War is not inevitable," said Dr. Gordon. "Lightning, storms, cyclones, the forces of nature, are inevitable; but war is not. It is man-made, coming out of the human heart."

The world just now is in a belated mood of peace, but the frame of mind. We need a new deal in armaments, a new deal that will show the fallacy of the belief that armaments bring security.

"Armaments," said Dr. Gordon, "produce a sense of fear, which turns to suspicion, and then hatred and then war. The victor and the vanquished, England was the victor in the late World War, and yet, if England pays her war debts to the victor nations, the United States for three generations. Right now she is assessing each laborer one day's work out of four in taxes."

"France was the victor and yet she has defaulted in her payments. Her governments have fallen time and again on financial instability. To all of the victor nations, the United States has had to adopt a liberal policy and forget interest payments."

Three hundred and fifty billions of dollars, the cost of the war, were just thrown into the fire. Did you know that the war cost the United States \$2,000,000 an hour, or \$40,000,000 a minute, or \$666,666 a second? That's where the money of the world has gone, into armaments.

"All of the victor nations are in the headlines—bankruptcy confronts the world. The chief contributing cause of our economic and moral damage was the World War. Armaments do not secure property, but they destroy property, strangle trade. The war exploded the sophistry that armaments give security of life. Germany had the most magnificent army in the world, and two million of her men died in battle. The British navy was the greatest in the world, built up to give Great Britain a sense of security, and a million British boys lie dead in battle. The philosophy of an army of peace must be built to collapse armaments, has been blown to ribbons by the fact that armaments did not secure the lives of 10,000,000 dead, nor of 25,000,000 maimed and crippled."

Consent Attends. Mrs. J. S. Conant, of Ivy road, mother of Dr. J. B. Conant, president of Harvard University, attended Wednesday morning's session.

In the first round-table on "A New Deal in Local Government," Miss Elizabeth M. Conant, of the University of Alabama, Wednesday predicted that the tendency of centralization will increase even to the point of congress assuming some form of control of the local governments.

If congress can read into the constitution power for congress to assume control over almost everything, the same could say that a local tax affects the welfare of the people and therefore comes under interstate commerce, Missel said. He added, however, that he is a firm believer in states' rights.

The present system of city taxation has about reached the limit, he said. Some of the new forms of taxation such as New York's corporation tax as a substitute, pointing out that "if all those who make money in Atlanta were to divide with the government there would be plenty for schools and all other municipal purposes." Consolidation of local governments would reduce operation costs, he said.

Banking Is Discussed. Professor E. Haskin Wright, of the University of Alabama, Wednesday morning concluded a two-part round-table on "The New Deal in Industry."

In the afternoon session, Dr. T. J. Cauley completed round-table discussion of the new deal in banking. Dr. Cauley explained the Glass-Steagall bill and the deposit insurance bill.

Typewriter Heads Meet Here

J. T. DeLiesse, local branch manager, and W. H. Matthews, general manager of the typewriter division of Remington Rand, Inc., of Buffalo, who took part in a sales meeting held here on Monday and Tuesday. Plans for an expansion of operations to take care of increased business in this section were perfected.

To Speak Today

Dean Charles W. Pipkin, of Louisiana State University, Baton Rouge, who will speak on "A Critical Analysis of the New Deal," at this morning's session of the Emory Institute of Citizenship at Glenn Memorial.

and said that failure of state deposit insurance does not necessarily indicate "that federal deposit insurance will not succeed. Dr. Paul Bryan completed discussion of the new deal and the constitution by describing the probable attitudes of the supreme court justices in relation to the new deal.

The institute will be closed Friday night.

F. D. R. SUPPORTS POLICY OF NRA ON UTILITY CODE

An indication that President Roosevelt supported NRA in its position that publicly owned power, gas, water and electric utility code be provided by the federal government was given Wednesday in a statement by Donald R. Richberg, NRA general counsel.

HEARINGS ARE ORDERED ON FOOD, DRUG BILL

The senate commerce committee ordered public hearings beginning February 27, on the new draft of the Copeland pure food, drug and cosmetics bill. The hearings will be subdivided into five general heads, general legislation, food, cosmetics and advertising. Each group will be expected to agree on a spokesman.

WET STATE NAVY YARDS MAY BE GIVEN LIQUOR

Henry L. Roosevelt, acting secretary of the navy, told reporters Wednesday that consideration was being given a proposal that navy yards and stations in wet states be permitted use of intoxicating beverages.

EXTENSION IS SOUGHT ON RESERVE SECURITY

Senator Fletcher, democrat, Florida, Wednesday introduced a bill to extend the period during which government bonds may be used as security for federal reserve notes to March 3, 1935, with authority for the president to increase the period by not more than two years.

WET BARRIERS LIFTED FOR CUBAN IMPORTS

Joseph H. Choate, the federal alcohol control administrator, announced Wednesday that alcoholic beverages may be imported from Cuba without further permit without limit as to quantity, provided the beverages are consigned before March 1.

Probers Spur Hunt For Bremer Kidnapers

DES MOINES, Iowa, Feb. 14.—(AP) The hunt for the kidnapers of Edward G. Bremer, of St. Paul, spurred by announcement of information to Iowa police that the hideout had been a southwestern Iowa farmhouse, tonight was proceeding secretly.

At St. Paul, Harold Nathan, of the federal bureau of investigation, said it was not likely that the banker, who was released last week on payment of a \$200,000 ransom, would be taken to the vicinity of Creston, Iowa, to attempt location of the farmhouse where Iowa authorities were informed he was held, until more definite information was obtained regarding it. He asserted a further check of the suspected hideout was contemplated, however.

MAN IS ROBBED OF \$37 BY LONE WHITE BANDIT

A lone white bandit held up and robbed Thomas W. Smith, of 542 Lee street, S. W., of \$37 in cash Wednesday night at Lee and Oak streets, according to police reports. Smith, who is employed at a grocery store at 553 Ponce de Leon avenue, said he had just gotten off a street car on Ponce de Leon when the robber approached and demanded his cash under threat of a pistol. The man escaped in a car which was parked across the street.

HORACE B. DAVIS, MERCHANT, DIES

Founder of Marietta St. Bank Was Head of Dry Goods Store.

Horace Bowden Davis, widely known church worker and prominent Atlanta businessman, died unexpectedly Wednesday night at his residence at 1546 Rogers avenue, S. W., at the age of 62. He had been in failing health for a year but his illness was not thought to be serious until recently.

Mr. Davis, a resident of Atlanta for 42 years, was founder and vice president and director of the Atlanta Commercial Bank in 1916, the bank being sold to the First National Bank in 1930. He also operated the H. B. Davis Dry Goods store, at 754 Marietta street, which he took over at the death of his father in 1912.

Deeply interested in church work, Mr. Davis was a member of the First Baptist church here for the period of his residence in Atlanta and was a deacon for 13 years. He was chairman of the finance committee for 10 years and during his term of two and a half years as a member of the church building committee he was instrumental in the erection of the present plant of the First Baptist church at Peachtree and Fifth street.

He was a director and stockholder of the Grantville hosiery mills, in Grantville, Ga. Mr. Davis began his business career here with the dry goods firm of Kiser, Moore & Draper, which later became the M. C. Kiser Company, for which he acted as traveling salesman for 16 years.

Mr. Davis was born in Gowanville, S. C., in 1871 and would have celebrated his 63rd birthday anniversary March 23. He received his early education in Gowanville and became a member of the Gowanville Baptist church at the age of 15.

He was a trustee of the Georgia Baptist Orphan's Home, an institution in which he took much interest. He is survived by his wife, Mrs. Mary Ethel Davis; two sons, Ralph A. and Winfred F. Davis, and his mother, Mrs. Tullulah C. Davis, wife of the late Thomas C. Davis, and four grandchildren.

Funeral arrangements are to be announced by H. M. Patterson & Son.

Resignation Rumor Spiked by Woodring

WASHINGTON, Feb. 14.—(AP) The report bobbed up today, and was promptly denied, that Harry H. Woodring would resign as assistant secretary of war.

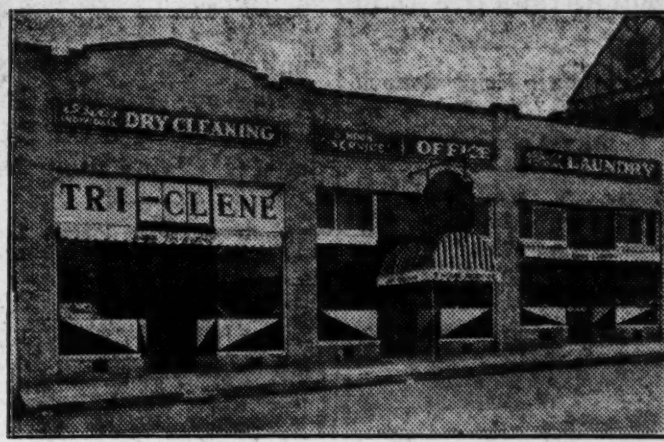

"Neither officially nor unofficially have I discussed or has any one discussed with me the subject of a resignation," said a brief statement by Woodring after the report had reached him.

Woodring has been in the limelight during the past two weeks because of congressional and District of Columbia grand jury investigations into war department specifications and contracts for army equipment which passed through his office. In addition, he recently incurred criticism for a magazine article he wrote in which he emphasized the possibilities of the civilian conservation corps as a military force.

Today's reports predicted Woodring's resignation because of the controversy with members of the general staff over army supplies. The grand jury is now delving into the subject.

Woodring, since barring Joseph Silverman from his office, has testified in the inquiry and is to be called again for questioning about lawyer-lobbyists that were alleged to have influenced war department purchases. Silverman tonight sent a letter to Secretary Dern in which he said the war department was about to lose \$700,000 because his firm had been barred from bidding for government contracts.

Plant Is Newly Equipped

Bob's Individual Laundry & Dry Cleaning Company, 2257 Peachtree road, which is managed and owned by Mr. and Mrs. C. J. Robertson, Mr. Robertson announces that he has just equipped his plant with a new dry-cleaning system known as the "Tri-Clene" method. Mr. Robertson, with a long experience in laundry and dry cleaning, has been in his present location for the past four years.

Dean Jurors Warble of Love Following Reading of Letters

GREENWOOD, Miss., Feb. 14.—(AP)—Jurymen who have been sitting more than two weeks in the murder trial of Dr. Sarah Ruth Dean, handsome woman physician, charged with murdering Dr. P. H. Preston Kennedy, surgeon, a poisoned whisky highball, today burst into a rendition of "Let Me Call You Sweetheart" after hearing some of the affectionate letters Dr. Dean wrote the divorced surgeon shortly before his death last August.

It was an "off stage number," sung after the jury had been retired to its quarters during one of the innumerable recesses which have marked the trial thus far. Strains of the song floated quite clearly into the court room and out over the court house lawn where stood a crowd which had been unable to gain admittance into the packed chambers of Circuit Judge S. F. Davis' tribunal.

Court attaches explained the juryman had organized a choir to while away their idle evenings in song, heretofore principally religious songs.

Today's recess in which the jury gave its impromptu entertainment was occasioned by the request of Dr. Dean and her attorneys to be allowed to read in full the letters held by the state and identified as having been written by Dr. Dean to Dr. Kennedy.

The defense has 145 love letters from Dr. Kennedy to Dr. Dean which it plans to introduce as evidence. District Attorney Arthur Jordan read two of Dr. Dean's letters to the jury this morning after identifying the woman physician's signature through J. P. McGee, teller at the bank where she did business.

Dr. Dean was as unperturbed as ever when the letters were read, but a smile momentarily crossed her face when the prosecutor said some of the introductions were in the words: "My Darling," Jordan said he hoped "to establish a motive for the murder of Dr. Kennedy" by introducing the letters.

Apparently referring to the state's evidence, one of Dr. Dean's attorneys said during the noon recess that she was "planning to marry a Delaware river steamboat captain at the time of Dr. Kennedy's strange death last summer, and that the 'captain' had visited her in Greenwood since her murder trial started. Subsequently, the attorney declined to allow use of his name in connection with his appearance, and Dr. Dean and her other attorneys declined to deny or confirm the matter.

When Dr. Dean, austere and composed, came into the court room this afternoon and was told of the announcement, she quickly asked: "Who gave out the statement?"

Warm, Sunshiny Day Is Predicted Here

Another warm, sunshiny day, with a temperature ranging from 40 to 60 degrees, was predicted Wednesday by the weather bureau for today. Wednesday was clear and sunshiny. The minimum temperature varied, registering 37 at the bureau, due to a smoke cloud, and 31 at the airport and 29 at suburban locations. During the afternoon the mercury rose to 65 degrees.

Germany's Reichsrat Is Abolished by Hitler

BERLIN, Feb. 14.—(AP)—Chancellor Hitler's government today abolished the reichsrat—the federal council—thereby abrogating section four of the republican constitution of Germany.

Unprepared for winter

his resistance is low.....

To all outward appearances two people may seem equally prepared for winter. There may be a difference, however, in their physical condition—in the amount of resistance they have!

To which group do you belong? Have you still the old idea of waiting until you're sick to build up your resistance? Or do you prepare for winter hazards in advance by increasing your physical forces regularly every day.

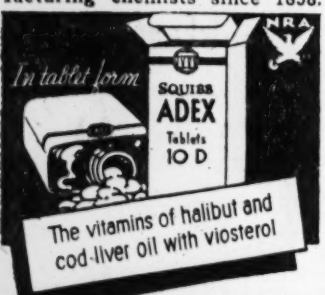

If you aren't doing so, begin now. Follow the example of many other people, and try Squibb ADEX Tablets-10 D.

You'll benefit from the regular use of this pleasant new type of resistance-builder! With every tablet, you receive an abundance of two health-protecting factors—Vitamins A and D.

These are the valuable factors provided by halibut and cod-liver oils and Viosterol. Now combined in ADEX tablets!

Squibb prepares these tablets by special processes which ensure their vitamin richness. Squibb ADEX tablets are different from any other concentrate! Take them regularly every day.

Ask any reliable druggist for them. And specify ADEX—the resistance-builder made only by E. R. Squibb & Sons, manufacturing chemists since 1858.

The vitamins of halibut and cod-liver oil with viosterol

Pilgrimage to Oglethorpe Shrines To Be Made by Group of Georgians

Plans for the first official pilgrimage to the Oglethorpe shrines in England by a committee of distinguished Georgians and Americans closely associated with the founding and operation of Oglethorpe University, were announced Wednesday. The delegation will present a portrait of General James Edward Oglethorpe, founder of the colony of Georgia, to his alma mater, Corpus Christi College, on June 12.

Appointment of the committee of presentation has received the sanction of Governor Eugene Talmadge, and it is expected that President Roosevelt will take notice of the mission, it was announced.

The portrait is a copy of one of the most distinguished artists in America of the official portrait used by the federal government for the bi-centennial postage stamp. The original is a highly-prized art treasure of Oglethorpe University.

The committee of presentation will sail from New York on June 2, arriving at Plymouth on June 9, and proceeding immediately to Oxford. After the ceremonies of presentation, the committee and its associates will make a pilgrimage to the Oglethorpe shrines including Westbrook, near Godalming, in Surrey, the site of his ancestral estate, and the Oglethorpe, where he lived for many years and where he is buried; St. Martin's in the Fields, where he was christened.

AIR CONDITIONING for HOMES

Today, the discriminating Home-Owner requires more than a system which merely heats the home. Comfort demands air conditioning.

MONCRIEF

Air Conditioning System is the modern way to keep the home clean, beautiful and comfortable 12 months in the year. ed; and St. James, Picadilly, where his parents were members. General Oglethorpe entered Corpus Christi as a gentleman commoner on July 13, 1713, at the age of 17. A photostatic copy of his matriculation signature was presented to Oglethorpe University recently by Dr. Amos A. Ettinger, whose life of General Oglethorpe will be published soon. Oglethorpe later received a master's degree from his alma mater, Lowry hall, on the Oglethorpe campus, is a replica in stone of the tower and adjoining wings of Corpus Christi.

Oglethorpe Ordered To Pay Radio License

The state supreme court Wednesday ruled that Oglethorpe University must pay the \$300 annual city license fee to the city of Atlanta for the operation of radio station WJTL. The high court ruled that none of the university's claims that the station was an educational enterprise because of its extension courses, that it was a government enterprise because it pays federal licenses and that it was engaged in interstate commerce were justified.

The high court Tuesday also upheld a decision of Judge Edgar E. Pomeroy in Fulton superior court in denying the appeal of Mrs. Nat Kaiser to set aside distribution of the stock of the Nat Kaiser Investment Company, headed by her late husband. The stock involved in the litigation is said to be worth between \$150,000 and \$500,000.

In another case the high court reversed Judge Pomeroy, holding that other parties have no claim on bonds deposited for the protection of the state or a county to guarantee that a highway contract will be carried out faithfully. The decision said that Judge Pomeroy had erred in appointing a receiver for the benefit of material furnishers and others for a \$25,000 bond posted on a Jefferson county highway project.

Bankers, Comptroller To Confer on Budget

Clearing House Association banks today will confer with B. Graham West, city comptroller, concerning prospective loans on the 1934 budget, adopted over the veto of Mayor James L. Key, and no decision will be made by bankers prior to the conference and before further studies of allocations.

This announcement was made Wednesday afternoon and gave credence to reports that bankers are giving the sheet careful study before giving any opinion as to whether it establishes the city's credit.

ST. PHILIP'S ARRANGES LENTEN SEASON PLANS

The Lenten program of the Cathedral of St. Philip was announced Wednesday. Dean Raimundo de Ojeda will hold a weekly service at 7:30 o'clock on Wednesday nights, speaking informally on "Prayer" and giving opportunity for verbal or written questions. Dean de Ojeda will speak and hold holy communion at 10:30 o'clock Thursday mornings at the pro-cathedral, Andrews drive and Peachtree road.

Canon W. S. Turner will hold holy communion at 10:30 Thursday mornings at the old cathedral, Hunter and Washington streets, and will hold twilight services at 5:30 o'clock Thursday nights at the pro-cathedral. His mass for confirmation instruction will meet at 7:30 o'clock Thursday nights in the dean's study, the pro-cathedral. Bishop H. J. Mikell will conduct the women's auxiliary study class at 10:30 o'clock Friday mornings. Regular services will be held on Sundays at the pro-cathedral.

CHICAGO FIRM GIVES PARK TO TENNESSEE

NASHVILLE, Tenn., Feb. 14.—(AP) Governor McAlister by proclamation today set aside a 9,000-acre tract in Hickman and Putnam counties as a state park. The land was given to the state, the order stated, by the Stearns Coal & Lumber Company, of Chicago.

Coincidentally with issuance of the proclamation, O. E. Van Cleave, commissioner of agriculture, outlined to reporters an extensive state park program, which he said ultimately would result in the location of parks in almost every Tennessee county.

Federal authorities, Commissioner Van Cleave said, will be asked to establish CCC camps in the new park, which is to be known as "Pickett Forest."

NEW ORLEANS AIR MEET
SEES NEW RECORD SET

NEW ORLEANS, Feb. 14.—(AP)—S. J. Wittman, of Oshkosh, Wis., claimed a new world record at the opening of the Pan-American air races this afternoon when he piloted his 434-pound single-seater plane over a 100-kilometer straightaway in an elapsed time of 27.67 minutes. His speed was calculated at 137.513 miles per hour, the previous record for this type of plane being 101.24 miles per hour.

Tomatoes Profitable.

ST. PETERSBURG, Fla., Feb. 14.—(AP)—In December J. J. O'Berry planted eight rows of tomatoes, each 90 feet long. Today he finished harvesting his crop, counting a net profit of \$180.15.

What 120 Millions Think

A Symposium of the American Reaction
to the New Deal.

This is the twelfth in a series of daily articles by Ralph W. Page, economist and writer, who has toured the country to discover what its people think of the national recovery program and is now putting his findings into writing.

By RALPH W. PAGE.

(Copyright, 1934, for The Constitution and North American Newspaper Alliance, Inc.) In the good old days of the Federal Reserve bank stock market inflation, a New York city capitalist knocked down his ancestral residence in order to sell the plot to a syndicate to build a ritzy apartment house.

He was paid with a million-dollar mortgage on the plot and a completed apartment. The builders lost twice that amount in the "healthy liquidation" that followed, threw up the sponge, and handed the whole thing back to him.

He is now advised by financial experts and lawyers that he must blow up this modern palace to escape city taxes and avoid bankruptcy.

Billion in Dilemma.

It is stylish these days to talk in billions. Well, in New York City alone there are more than a billion dollars worth of mortgages in the same fix as our friend's apartment house. Only a few days ago I asked one of the principal realtors in New York if there was still foreclosing.

"Foreclosures?" he exclaimed; "they come in by the phalanx and tell you to get out of the damn place, they don't want it."

Meantime guaranteed mortgage bonds are selling at 25 cents on the dollar.

They tell you in Chicago that more than a third of the city has changed hands in a futile endeavor to use office buildings and stores as money.

33 Per Cent Drop.

In Pittsburgh the most conservative trustees have a large portion of their funds in "sound" mortgages; the very best. The municipal widows and orphans say their incomes from these trusts have shrunk 35 per cent.

It really doesn't matter where you go—the owners of town and city office buildings, stores, hotels or whatever it is tell the same story. In Portland, Ore. the offices are third empty, and the tenants who pay any rent at all select the amount and time to suit their fancy. In Cleveland there is some considerable question whether the total real estate in the city can meet the municipal debt.

In Philadelphia recently a morning paper had six solid pages devoted to sheriff's sales for taxes, and the principal display on the streets consist of "to-let" and "for sale" signs. These to a great extent direct the curious of a bank or trust company. This also explains why many banks pay such slow dividends.

No Market.

There is no market for urban real estate. But small as it is compared with olden times, there is still some income. Where does that go?

It goes toward paying taxes and insurance. At the present rate of business and prices, even making allowance for the extraordinary revival already evident, there is simply not enough income on improved property to pay the tax bills and leave anything for the janitor and the insurance agent.

This puts the municipal bondholders in the depression class. There are nearly two billion of these city and town bonds in default. And it is apparent that the holders will never get all their interest until the expansion of credit and trade teaches a higher level than it is now.

Nor is that all of it. For where the city bonds are being paid, the money is not all coming from taxpayers.

Others to Hear. In my country-wide tour I have talked with hundreds of brave, depression-scarred women—teachers—who are devoting their lives to educating young America. I have heard them complain that they are being compelled to work for nothing, or for bootblack's wages, to provide a dole for bondholders. Many other people are going to hear before the money settles down to normalcy.

It is a simple statement of fact

that the prosperity we are struggling so hard to recapture can never return in its youthful vigor until these afflicted creditors either give up or cash in. Somebody has got to use the credit currency that this vast investment used to provide, before we found the corner.

The present answer given by all three parties caught in this dead sea of real property is that they can only wait and pin their hopes upon the great national effort. Fighting and shifting the titles, lawyers, writers and recriminations have all run their course. But there is a growing conviction that the untried and untried individual development of American cities is about over.

Planning in Project.

Partisan politics and sub-division campaigns show definite signs of giving place to regional planning, business administration, or city managers. The tax assessments are being lowered to meet a rational world of facts, and not a legal world of caprice. Even insurance companies are discovering the patent truth that the employers of a town and the operation of the essential functions of safety, health and education constitute a lien on the public income ahead of bonds or any other claim.

The people's necessities have been discovered to be more urgent than debts.

Man Held as Kidnaped
Freed on \$1,000 Bond

Raymond J. Wrinn, employee of the Atlanta federal penitentiary, who was arrested Tuesday on the complaint of a former wife in Milford, Conn., charging that he abducted their daughter five years ago, Wednesday was released under \$1,000 bond on order of Governor Eugene Talmadge pending the arrival of a writ from Connecticut of extradition papers.

Wrinn said that the daughter, Beatrice Evelyn, died last fall in a local hospital. Advice from Milford was that the former wife, Mrs. Beatrice Wrinn, has been seeking the child for five years, and obtained her first clue to its whereabouts recently when hospital authorities notified her of the death after Wrinn refused to permit an autopsy.

Judge E. D. Thomas will hear a petition for a writ of habeas corpus Saturday in behalf of Wrinn. No date has been set for a hearing on the extradition by Governor Talmadge.

LEGION POST TO HEAR
DR. M. ASHBY JONES

Dr. M. Ashby Jones will be the speaker at the monthly meeting of Fulton County Post No. 134 of the American Legion at the Capital City Club at 6 o'clock tonight. Dr. Jones will speak on "A Soldier Then—A Soldier Now." This subject is said to be of importance to the American Legion because of the necessity for veterans' organizations to determine what their policy is to be in relation to national matters.

This meeting of the Fulton county post will be in the nature of a Georgia products dinner, which is being held in connection with the state-wide celebration of Georgia Day this week.

Major General George Van Horn Moseley, commandant of the fourth corps area, also will be a guest at the dinner. Members of the Fulton county post will be asked to take action expressing their views on pending veterans' legislation in response to a request from the headquarters of the Georgia state department of the American Legion criticizing the recent action of the post's executive committee in opposing the pension provisions of the so-called Legion four-point bill now pending before congress.

\$300 REWARD OFFERED
IN SHOOTING OF SCOTT

Rewards totaling \$300 were offered Wednesday by the family of W. A. Scott, publisher and owner of the Atlanta Daily World, and by the World's employees' club for information leading to the arrest and conviction of the person or persons responsible for the fatal shooting of Scott. In addition, the Memphis and Birmingham papers of Scott's chain of publications have offered a total of \$100 as the nucleus of a prosecution fund.

Scott's paper in an editorial published Wednesday discounted what it said is a persistent belief that the editorial policy of the Scott papers was responsible for the shooting.

Reports Wednesday indicated that the Fulton county grand jury probably will make an investigation of the Scott case at its meeting on Friday in an effort to determine the identity of the slayer. At a coroner's inquest, a verdict of death at the hands of a person or persons unknown was returned, freeing from custody Scott's brother-in-law, George Maddox, who had been held by detectives in the case.

Aged Negro "Senator"
To Visit Carolina Capitol

COLUMBIA, S. C., Feb. 14.—(AP)—"Senator" Green Coleman, a negro, is coming back to the South Carolina legislature. This time, however, it'll be as a guest of the upper house, but he'll wear a frock-tailed coat and a beaver hat just like he wore in 1874 as a senator from York county.

The law-making body yesterday consented to have the negro appear here again. The senate was told by Senator Dunlap, of York, that the aged man now is an inmate of the Charlotte (N. C.) almshouse. A letter to Senator Dunlap from a Charlotte man explained that Coleman had not visited the capitol here "since he left hurriedly on receipt of information to leave the state, since Wade Hampton was taking charge."

Coleman served in what has come to be known as the "carpet-bagger" legislature of the reconstruction period.

SUTTON STATEMENT
DENIES QUOTATIONSSchool Superintendent Says
He Was Quoting Institute Speaker.

Willis A. Sutton, superintendent of Atlanta public schools, Wednesday issued the following statement claiming he was misquoted in a Constitution story in which he hit critics of school expenditures:

I was surprised to read in The Constitution of Wednesday, February 14, the reading "Sutton Scores School Critics" and to find myself quoted inaccurately and incorrectly. The entire article as my statement was concerned was erroneous in the impression which it made. I simply stated, while making my report, that the schools were doing fine work and any one who could see the splendid equipment of 60,000 children and realize that the cost is but little more than half the average cost of cities of our size in the United States would find that small reason for destructive and adverse criticism.

In my talk, I simply referred to one of the speakers at the institute of citizenship held at Emory University and stated that he had said that if cities, school boards, and the federal government could emphasize to the people all they were receiving for the taxes they were paying it would be better than to have the people continually impressed by tax associations and others with the statement that they are burdened to death with taxes.

I did not make this statement myself. It was simply a quotation and I find myself as being quoted as making the assertion myself. I feel that a double injustice is done in that credit is not given to the proper authority and in that I was wholly misinterpreted.

I respectfully ask that as prominent a heading and as prominent a position in your paper be given to this statement as was assigned to the news article of February 14.

Ice Bars Path to Unexplored Areas,
May Hamper Byrd's Return to Base

ABOARD S. S. BEAR OF OAKLAND, Antarctica, Feb. 14.—(Via Mackay Radio)—(AP)—Ice today apparently had closed in between this vessel of the Byrd expedition and Little America and difficulty was experienced in attempting to return to camp after an exploratory voyage.

For several days the Bear of Oakland, with Rear Admiral Richard E. Byrd aboard, has been trying in vain to find a passage to the south and southwest.

Officers expressed confidence, however, that before many hours a course would be found.

During the day, it was estimated, more than 200 different courses were steered.

The delay offered scientists aboard a splendid opportunity for the work of charting the bottom of the unknown sea. This is done with what is called a sonic depth finding apparatus.

It creates a sharp sound under water, which is echoed back from the bottom. By counting the lapse of time between the sound and the echo, the depth of the sea at that point can be accurately calculated.

Rear Admiral Byrd said the fight to get out of the icepack was the toughest in his experience. Because of the breaking up of the bay ice

Ice Bars Path to Unexplored Areas,
May Hamper Byrd's Return to Base

he is most anxious to get the ship back to Little America.

LITTLE AMERICA ACTIVE IN WINTER PREPARATION. LITTLE AMERICA, Antarctica, Feb. 9.—(Delayed)—(AP)—(Via Mackay Radio)—Little America took on a boom town aspect today.

Heavily-dressed men bustled about. Dogs and sledges hurried in and out with supplies. Hammers pounded and saws sang.

This was the scene as preparations were rushed for winter occupation of this capital of a barren waste.

A new mess hall, radio shack, observation trucks and a library are under construction. Temporarily, the coveys brought from the United States were placed in a tent. Their portable barn was converted into a bunkhouse.

Dogs and tractors collaborated in the work of hauling supplies from the east barrier cache, a mile and a half to the south.

Smith already has filed a motion for a new trial.

LABOR LEADER ASKS
RETRIAL FOR FRAUD

CLEVELAND, Ohio, Feb. 14.—(AP) A motion for a new trial for Alvanley Johnston, grand chief of the Brotherhood of Locomotive Engineers and former director of the closed Standard Trust Company, was filed by his attorneys today.

Johnston was convicted last week with C. Sterling Smith, former president of the bank, on nine counts of an indictment charging misappropriation of \$450,000 of bank funds and making or directing false entries. The motion will be heard February 24.

HIGH'S BASEMENT

By ALMA SIOUX SCARBERRY

cocktail shaker down beside the couch, picked up her drink and sat down very close to her. She wished the earth would open and swallow her, when he looked closely into her face—then took her hands to hold them tightly in his big, brown ones.

Suddenly his arms were around her and she felt his warm lips on her mouth.

Finally Charley made up her mind to say something at all to Doug about bringing his models to pose under her very windows. He hadn't sneaked about it, and that was something. And if he were deliberately trying to shock her into leaving his rooftop in high dudgeon, she wouldn't give him the satisfaction of laughing behind her back.

Charity was on her feet in an instant—her eyes blazing. "How—how dare you!" she choked, sudden tears springing in her eyes. "Let me—out of here!"

She groped for the door, and before Hatch could stop her she had flung it open, and was stumbling down the hall. He started after her—then thought better of it. Why in the devil had he done such a crazy thing, anyway?

It certainly hadn't been because he had any desire to make love to her. It had been just an experiment—to

see what she would do. Or, probably habit. It was routine business—almost—kissing women, married or single, who came to his apartment. They usually expected it. In fact, would feel neglected if he didn't show them a little heavy attention.

Charity's breath was coming in quick, furious gasps when she let herself into her apartment. She had never been so furious with a man in her whole life. So—that was what he wanted! He wanted her to go to his bachelor apartment for tea! But suddenly Charity sat down on her bed. She had been kissed! For the first time since she had married him, she had needed the assurance that she was loved. But what had happened to her? Could it be possible that finding herself suddenly rich was going to change her? To break down the ideals she'd held so important all through her life. But she knew that it didn't matter what she did or if she had enough money to get away with it.

The first time in her life—a man had made love to her. Perhaps there was something about her to attract men, after all. Something no one but Dr. Batchelor had ever seen. Her anger began to cool—and its place was taken by a relieved little feeling of wonder. She was ashamed of herself

When she had to admit finally that she was glad.

Almost gaily she went to her balcony door and threw it open to breathe the warm, romantic spring air that the night had greeted her eyes sent the hot blood rushing to her face. She stepped back, horrified.

There, not 10 feet away, sat Doug, pointing. And standing unabashed

through Chad's a thought flashed through Charley's mind—and all her air castles came tumbling down with a terrific crash. Perhaps men would pursue her now because she was one of the richest women in New York. Had that been Batch's reason for kissing her? It sent a little pain of dis-appointment stabbing through her heart. Perhaps she'd never again

against the big pain, her perfect body a splash of ivory against the green, was a nude woman, with long red hair blowing about her white body. Charity's first impulse was to rush out and demand that the brazen woman know who her real friends were. Suddenly she found herself hating Thornton Batchelor with a white fury. He was just a grasping fortune hunter. That was the greatest blow her pride had ever had.

an leave her balcony at once. And to demand to know if her husband had not one whit of respect for his wife. All her old-fashioned training demanded that she move. She stood on the matter of such going on.

But her better judgment restrained her. Or, perhaps it was her great

Charity almost forgot Doug and his lady friend in her fury at Batch. When she remembered and looked out again they had gone. She glanced wearily at her neck and discovered it was almost dinner time. She decided to slip into a negligee and have dinner served in her suite when a knock came on the door.

embarrassment. She simply could not bring herself to appear on such a scene. Softly she stepped back and closed the balcony door. Then she leaned against it. It was several minutes before Charity could bring herself to peer from the curtains. Doug, she saw, was pointing on, his brow

She was surprised into blushing when she called, "Come in" and saw that it was Doug. He was dressed for dinner, and she thought she had never seen him look so handsome. He actually gave her a friendly smile as he walked in and threw himself on a divan.

Conquering her first shock, Charity looked a little more calmly—and was amazed at the indifferent, routine way the model seemed to look through Doug and to the roof tops beyond, utterly unconcern in her slanted green eyes at the stare of Doug and Charity.

Her interest turned to Doug as he found herself more curious than

she would have admitted to see what he was putting upon the canvas—wondering if he really had talent. Suppose he were really a great artist—would he be famous some day? She'd often heard that models were nothing to artists but just models. Human forms to be put on canvas. Doug

Charity swallowed and was silent. She couldn't think of anything to say. Doug looked at her closely and then the red slowly stain her white cheeks. Suddenly he laughed. "What time did you come in?"

"I don't know exactly," she evaded miserably.

He grinned. "You—were here all the time I was painting. . . weren't you?"

Doug could not resist a desire to tease her. He raised his eyebrows mockingly. "Mrs. Temple! You mean to say you sat here calmly while naked women cavorted over the place—and thought nothing of it."

TOMORROW: THE SMOKE BOMB.

ACTION IS DELAYED ON LONG, OVERTON

Subcommittee First Must
Pass on Submission of
Ouster Petitions.

WASHINGTON, Feb. 14.—(P)—Investigation of charges that Senators Long and Overton, of Louisiana, should be ousted by the senate was halted before it started today by a block of new petitions to be reviewed by the senate elections committee.

Meeting in executive session, the committee decided to have a subcommittee examine the new petitions and other documents. Chairman George, democrat, Georgia, said the subcommittee had been instructed to "determine what, if any, question presented should be considered by the full committee and the senate."

New documents filed today included one signed by Mrs. Hilda Phelps Hammond as chairman of the Louisiana committee of Louisiana, which charged Long with being the "head of a corrupt political machine" and Overton with permitting himself to be supported for election by the Long organization.

Other petitioners present besides Mrs. Hammond included Mrs. Ruffin G. Pleasant, wife of a former Louisiana governor, and John M. Parker, another former Louisiana governor.

Some of the petitions, including that of Parker, have been ruled on by the senate judiciary committee as to whether they are privileged matter and receivable by the vice president. They were filed a year ago, at which time long challenged their receivability.

DIVORCE IS GRANTED TO DOROTHY MACKAILL

LOS ANGELES, Feb. 14.—(P)—Dorothy Mackaill, blond actress, received from the superior court an interdictory decree of divorce from Neil A. Miller, formerly of Honolulu.

MADAM MINGY, PALMIST

Give advice on all affairs of life—such as love, marriage and business—speculation of all kinds. Special Readings 50c. Satisfaction Guaranteed. 438 Madison Ave., (Take Federal Prison car to end of line. Look for sign.) Private rooms for white and colored. Reading Daily and Sunday, 9 A. M. to 9 P. M.

GET UP NIGHTS?

THIS 25c TEST FREE
If It Fails.

Use this bladder laxative. Drive out the impurities and excess acids which cause the irritation that wakes you up. Get a regular 25-cent box of BURETS, made from huckle leaves, juniper oil, etc. After four days rest, if not satisfied, get back and get your 25 cents. They work on the bladder similar to castor oil on the bowels. Bladder irregularity is nature's danger signal and may mean you are on the verge of trouble. Feel better after this cleansing and you get your regular sleep. Jacobs Pharmacy says BURETS is a best seller.

Stomach Ulcers

Caused by Hyperacidity
3-Day Relief No Operation

No need to suffer with ulcers, caused by hyperacidity, distressing, eating, stomach pains, gas, sour stomach, indigestion, constipation or loss of sleep. Write today for free booklet and full information concerning Von's Pepsin Tablets, or get them from any Jacobs drug store, Atlanta-Von Co., 734 Walton Bldg., Atlanta, Ga.—(adv.)

ANGOSTURA ON GRAPE FRUIT

A dash of Angostura Bitters on Grape Fruit greatly improves its flavor. Famous chefs always serve Grape Fruit this way. Try it. Get a bottle at your grocers or druggists today.

ANGOSTURA

SCALP IRRITATION

Ecema itching, dandruff scales, dryness, relieved and soon improved by the special medication of

Resinol

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

Check for \$1,000 Paid to Estate of Victim Of Automobile Accident in Atlanta Dec. 13

Claim No. R-99079 Georgia Check No.
North American Accident Insurance Company
Home Office, 209 So. La Salle Street Chicago
Not Valid unless Released on Back Signed by Claimant

January 12, 1934

Pay to the order of Sallie D. Blake, Mother and Beneficiary of \$1,000.00
Helen Blake, deceased,
One Thousand and No/100 Dollars

PAYABLE THROUGH
THE NORTHERN TRUST CO.
CHICAGO, ILL. 2-15
M. K. Gordon
Claim Examiner.

Facsimile of a check for \$1,000 which the North American Accident Insurance Company paid to Mrs. Sallie D. Blake, mother and beneficiary of Miss Helen E. Blake, through The Atlanta Constitution. Miss Blake was killed in an automobile accident on December 13, 1933, when her car, in which she was riding and driving, collided with a fire truck.

On Wednesday, December 13, Miss Helen Blake, of 676 Linwood avenue, and Mrs. Dorothy Taylor were in an automobile accident caused by their car colliding with one of Atlanta's fire trucks, which resulted in the death of Miss Blake.

Only a short time prior to this date, Mrs. Taylor, who was driving the car, was a subscriber to The Atlanta Constitution's insurance service department in connection with a daily and Sunday Constitution subscription.

Proof of death caused by the accident was filed with the North American Accident Insurance Company on January 10, and check for \$1,000 was issued to her mother, Mrs. Sallie D. Blake, beneficiary, on January 12.

This accident was prominently mentioned by all the three newspapers, and will be remembered by the readers of this item. The first thought is that it pays to be a subscriber to The Atlanta Constitution in connection with the accident insurance feature which it offers to its subscribers.

Miss Blake, a subscriber to The Constitution only a few months prior to her death, took advantage of The Atlanta Constitution's insurance service feature by taking out a travel and pedestrian accident insurance policy, automobile coverage \$1,000. Had she not been thoughtful enough to subscribe for The Atlanta Constitution in connection with the insurance feature, this \$1,000 would not have been available to her mother.

Was Protected.
No one knows when tragedy will strike. Many, even now, are standing on the brink of the grave without knowing that early death or injury is their lot. When Miss Blake and her

friend, Mrs. Taylor, started out in their automobile, January 13, little did they think what the sad ending would be and how soon.

A crash of an automobile with a fire truck resulted in one soul being thrown into eternity and another person considerably injured. The accident was unfortunate, but Miss Blake was wise and thoughtful enough to protect herself.

Every person should take advantage without cost of The Constitution's unparalleled reader insurance feature. Its expense is insignificant. Under its terms the policy holder is protected against death in train, bus, boat, elevator, automobile, pedestrian, burning buildings, and other daily hazards to life and limb.

This accident offers you the famous travel accident policy issued by the North American Accident Insurance Company, of Chicago. This insurance is offered to subscribers and immediate, dependent members of a subscriber's family between the ages of 15 and 69 on the one subscription going into a travel and pedestrian accident insurance policy for \$1 each per policy per year.

What Is Provided.
The policy The Constitution offers you provides for payment of sums ranging downward from \$10,000 for travel, \$1,000 for auto and pedestrian deaths resulting from certain specified accidents, heavy sums for permanent injuries, and \$10 weekly indemnity for total disability resulting from the accidents set forth in the policy. All this for only \$1 registration fee—just about 2 cents a week.

The policy is issued by the North American Accident Insurance Company, of Chicago, Ill. The reliability of this concern is proved by the fact that already more than \$150,000 in cash has been paid on claims to Constitution policyholders.

This insurance is offered to old and new subscribers alike. One who is now taking the daily and Sunday Constitution, or will subscribe for same through carrier in Atlanta or suburbs, through an out-of-town carrier or dealer, paying for the paper weekly, monthly, or otherwise, is a subscriber and is eligible.

Paid-in-advance mail subscribers can also have this insurance by paying the small registration fee of \$1 in addition to the subscription price. Those living in Atlanta and suburbs finding it inconvenient to pay the \$1 registration fee in advance can pay 20 cents registration fee with the application and 20 cents for five consecutive weeks thereafter in addition.

In sending application for insurance, the applicant must state name in full, give age and occupation, and if beneficiary is desired the full Christian name of the beneficiary must be given and relationship to the insured.

LABOR FEDERATION
OPPOSES CHARTER
FOR CITY HALL BODY

Resolutions opposing granting of a charter by the American Federation of Labor to the Atlanta City Hall Employees Association and another to petition Georgia representatives in congress to vote for the pending 30-hour week for federal employees were unanimously passed at the regular meeting of the Atlanta Federation of Trades Wednesday night.

The resolution followed a fight on the floor in which statements were made that "every move of the city employees group has been contrary to the policies of the labor movement and calculated to bolster the Key administration in its warfare on labor and the department of education."

Another matter which consumed several minutes of debate was the move of the federation to forestall the city of Atlanta from collecting \$3 street tax and \$1 poll tax from all voters. Delegate Langley, representing the barbers' union, said the plan to require payment of street tax was unconstitutional, according to a ruling two years ago by the supreme court.

RHEUMATIC FEVER
MAY BE INDICATED
IN 'GROWING PAINS'

MEMPHIS, Tenn., Feb. 14.—(P)—"Growing pains" of children often are attacks of rheumatic fever, Dr. J. C. Meekins, M. D., said today in warning mothers that rheumatic fever is more deadly than cancer or tuberculosis.

The head of the medical department of McGill University said in an interview that "it is time that the public realized that most of the deaths from heart disease can be traced to rheumatic fever, possibly suffered in childhood."

"A sore throat that does not come from a tonsil infection, an unexplained fever that lasts only for a few days, or aching limbs that soon return to normal—any of these may be the beginning of rheumatic fever," he continued. "The treatment is immediate and complete rest and relaxation—not for two weeks, but for two years, if necessary."

Dr. Meekins said rheumatic fever is infectious. It is believed, he said, to be caused by a germ of the streptococci group.

Dr. Meekins is attending the mid-south post-graduate medical assembly.

EX-ESCAPED CONVICT
ASKS LIBERTY ON WRIT

A habeas corpus action was begun Wednesday by Bob Richards, who escaped about a year ago from Cherokee county after serving 20 days of a 10-month term, and who appeared recently before Judge Jesse M. Wood and represented that he had served his sentence whereupon the court reduced to \$50 a fine in another case.

Judge E. D. Thomas indicated to the solicitor-general that he would not issue the writ but would remand Richards to the custody of the sheriff. Upon request of Elton Haldane, who appeared for Richards, the court deferred until today making a formal order, upon Haldane's representation that he was appearing for another attorney in the case.

COAST GUARD CUTTER
AIDS DISABLED YACHT

NEW YORK, Feb. 14.—(P)—The coast guard cutter Pontchartrain had in tow today the partially disabled schooner sloop "Uvira" and her party of amateur explorers.

Coast guard headquarters in New York said the Pontchartrain wirelessly last night that every one aboard the schooner apparently was safe. There was no means of communication between the cutter and the yacht, however, since the Uvira's wireless was disabled and a running northwest gale prevented the cutter from coming alongside.

MISSISSIPPI SHERIFF
DIES OF HEART ATTACK

HERNANDO, Miss., Feb. 14.—(P)—Sheriff W. M. Birmingham, of De Soto county, scene of Monday's trial of three negroes sentenced to hang for criminal assault, died at his home at 7 a. m. today of heart attack.

Sheriff Birmingham, by virtue of his office, was scheduled to spring the trap March 16, the date set for the hanging of Ernest McGehee, 25; Johnny Jones, 23; and Isaac Howard, 25.

Fund To Modernize Auditorium Sought

Modernization and redecoration of the old municipal auditorium into a fire-proof structure at a cost of \$125,000 will be sought from CWA funds, it was announced Wednesday by Councilman John A. White, chairman of the building and grounds committee of council.

White said he would ask councilman approval of the proposal at its session Monday and would seek funds to provide for materials as required for CWA projects.

The committee head said he realized there is little likelihood that a new auditorium can be obtained in the immediate future, and he feared that the present structure in its condition of lack of repair is a veritable fire trap.

NUTT SUEDED ON LOAN
MADE BY CLOSED BANK

CLEVELAND, Feb. 14.—(P)—Suit against Joseph R. Nutt, former chairman of the now closed Union Trust Company and former treasurer of the republican national committee, was filed in common pleas court here today, asking a judgment up to \$185,000 because of his alleged part in the making of a "wrongful" loan to one of the bank's vice presidents.

Shrew Banking Superintendent Ira J. Fulton brought the suit against Nutt on the behalf of the bank's depositors.

MARYLANDER CARRIED
DOWN RIVER ON ICE

LA PLATA, Md., Feb. 14.—(P)—Trapped on an ice cake in the Wisconsin river, Alton Haglen, 50-year-old houseboat resident, was believed to have lost his life today.

Several negroes told Sheriff Robert V. Cooke they saw him after sinking down the river and out of sight.

They said they were unable to render assistance because of the condition of the river, which is a mass of ice blocks.

PELLAGRA
DEFEATED

MRS. G. F. FUGETT.
Mrs. G. F. Fugett, Baxter, Ky., says:

"I was suffering from a dreadful case of Pellagra."

"My stomach burned like fire and not a bite of food could I eat without suffering dreadful pains in my stomach. My mouth was so sore it pained me to eat and the skin on my hands, arms, feet and ankles were a sight to see. The skin would turn red and then great blisters would form. I had blisters on my ankles as high as my knees. My ankles were swollen, too, until it was several days that I could not walk a step. No one knows the dreadful agony I was in. I began the use of Scott's Indian River Tonic. It's marvelous what this great medicine did for me. The first bottle helped me greatly and now after taking 12 bottles, I feel like a new woman. I gladly recommend this wonderful medicine to others for I believe it saved my life."

For sale at all leading drug stores or write New Scott Medicine Co., La-Follette, Tenn. \$1.00 per bottle.—(adv.)

RUSSIA TO INCREASE PURCHASE IN BRITAIN

Anglo-Soviet Trade Pact
Signed; Big Jump Expected
in Commerce.

LONDON, Feb. 14.—(P)—An increased purchase of all kinds of British goods by Russia, the Associated Press learned tonight, is the basis of an Anglo-Russian trade agreement to be signed Friday.

The new pact calls upon the soviet union to buy approximately as much as it sells to Great Britain.

This means an annual increase of about \$20,000,000 in British exports, based on figures of the last normal trading year, 1932.

The correction in the present trade balance, which now heavily favors Russia, will not be made immediately, however.

It is understood that the soviets will be permitted to sell about \$1,000,000 worth of goods to Great Britain for every \$1,000,000 worth bought.

The ratio will be corrected gradually until Russia buys as much as it sells here.

The balance will take into consideration the invisible exports of each country, such as tourist trade.

Those living in Atlanta and suburbs finding it inconvenient to pay the \$1 registration fee in advance can pay 20 cents registration fee with the application and 20 cents for five consecutive weeks thereafter in addition.

In sending application for insurance, the applicant must state name in full, give age and occupation, and if beneficiary is desired the full Christian name of the beneficiary must be given and relationship to the insured.

CLERMONT IS PROMOTED
By C. & S. National

Robert L. Clement has been elected an assistant vice president of the Citizens and Southern National bank at a meeting of the board of directors, it was announced Wednesday by H. Lane Young, executive vice president.

Mr. Clement has been connected with the bank for 13 years. During the last six years he was assistant to W. C. Roberts, vice president in charge of credits, who recently resigned to head the federal deposit insurance corporation in the sixth federal reserve district. Mr. Clement will assume many of the duties of Mr. Roberts. He is a grandson of the Walker family, whose plantation now forms the site of Piedmont park. He resides at 11 Pritchard way, N. E.

B. P. O. ELKS TO INITIATE
GOV. TALMADGE CLASS

The Governor Eugene Talmadge class of Atlanta Lodge No. 78, B. P. O. E., will be initiated at 7:30 o'clock tonight at the Elks home, with Governor Dave Sholtz, of Florida, expected to be a guest of honor. Sam

your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel the distressing symptoms of your cold or cough fading away within the time limit. Don't be bashful, for all druggists invite you to try it.

Take the remainder of the bottle home to your wife and children, for Aspirin is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for catarrhal croup and choking up with phlegm at night.—(adv.)

All drug stores are supplied with the wonderful elixir, so all you have to do is to step into the nearest drug store, ask for a bottle of Aspirin and take the clerk to serve you two teaspoonfuls. With your watch in

field to give you fully advanced streamlining.

If you want "KNEE-ACTION"—You get it with Axleflex Independent Springing, that gives you full front axle strength and safety, and full non-skid tire protection.

If you want COMPLETE VENTILATION—You'll be enthusiastic about the year-round ventilation on the new Terraplane.

If you want CONVENIENCE—You'll cheer about the Terraplane Baggage Compartment—or Luggage Vestibule—concealed in the sweeping rear lines, accessible from outside without disturbing passengers.

If you want real ECONOMY—Owners' sworn statements prove Terraplane economy—in low gas, oil, tire and maintenance costs.

If you want STREAMLINING—The new Terraplane is the only car in the low price

field to give you fully advanced streamlining.

If you want "KNEE-ACTION"—You get it with Axleflex Independent Springing, that gives you full front axle strength and safety, and full non-skid tire protection.

MURREL IS FREED OF A CHARGE

Jury Out Less Than Hour in Acquitting Ex-Football Hero.

SAN ANTONIO, Texas, Feb. 14. (AP)—Lieutenant John H. Murrell was acquitted speedily by a federal court jury today on charges of attempting to attack and kidnap Miss Blanche Ralls, 28-year-old Birmingham, Ala., divorcee.

The former West Point football star was charged less than an hour after Judge R. J. McMillan gave the case to the jurors.

Murrell testified before the crowded courtroom that Miss Ralls was "in a drunken condition" and that he was driving her to his home to place her under the care of his mother when she charged that he assaulted her the morning of October 22.

"I had to take care of her," he said. Miss Ralls charged she was assaulted on the Fort Sam Houston military reservation, where Murrell is an officer of the ninth infantry.

"I knew I would be acquitted," Murrell said after reading of the verdict. He was confident from the start. "I suppose it was because my conscience was clear."

Not Embittered by Trial. "The trial has not embittered me. I still have the same confidence I always have had in the womanhood of America and I am going back into the army to perform my duties in the same spirit as before."

"I want to thank all of those who have stood by me through the trial and since the charges were filed. Conviction might have meant death or life imprisonment."

Madame Marie Jeritza, beautiful soprano, who sings in concert here tonight. Staff photo by Kenneth Rogers.

By MOZELLE HORTON.

To meet in person Madame Maria Jeritza, the prima donna soprano who will appear in concert tonight with Walter Gieseking, world-famed pianist, at the city auditorium, is a fascinating and engaging experience. Not only does one find a person more charming and more genuinely refreshing than this beautiful, stately creature, who for many years has been the idol of audiences both here and abroad. Her blond beauty is enhanced by a personality that is quite as attractive as her physique, and when one talks to her for a time the vastness of her generous heart is quite naively revealed.

She is studying to appear in an English opera, "Anna," by Friml, which is scheduled to open in New York on March 5. It is a Schubert production. The opera is based on Johann Strauss' "Night in Venice."

Jeritza says that she has very little time for vacationing, but when she does vacation it is in Europe, either in the country on a lake near Salzburg, or in the mountains at her husband's "little castle" (quoting her) in Vienna. Her husband is the Baron von Popper. At either of these places she spends much of her time horseback riding or playing tennis.

After her concert tonight Jeritza returns to New York, where she will give a recital in Carnegie Hall Saturday night. Incidentally, Gieseking will give a recital in the same hall on the following night.

Jeritza's children at 6 o'clock in the morning, leave their rooming at the hotel, where they are being cared for by competent nurses, and then they may call for them at night, thus having the joy of having their children with them in the hands of the governor next week. The measure would become law immediately after being signed by Governor Sennett Conner.

Representative Joe May, author of the house measure, said the lower branch of the legislature "will readily concur in the amendments and the bill will be in the hands of the governor next week." The measure would become law immediately after being signed by Governor Sennett Conner.

MISSISSIPPIANS CLAIM FACTORY UN BEER BILL

Virginia House Meanwhile Kills Sunday Movie Measure, 63-25.

By the Associated Press.

Beer, Sunday movies and appropriations took the attention of legislators in three southern states yesterday.

In Mississippi, the wets claimed a first victory on a proposed 4 percent beer tax when the senate transportation committee substituted for the house beer bill was turned down by a vote of 25 to 18.

The house bill would make beer legal at once, while the senate committee wanted a referendum. Senator Gregory told the body that "Mississippi is dripping wet and it is just a question of whether the legislature will admit it."

The Virginia house of delegates killed a Sunday movie bill, 63 to 25, and then refused, 59 to 58, to send a Sunday sports bill to engrossment.

The South Carolina senate was warned of a coming fight on the appropriations bill when Senator Nicholson, of Greenwood, said present proposals would bring an increase of \$2,000,000 over last year's appropriations.

The bill, calling for an outlay of \$6,241,000, has passed the house and is in the senate finance committee, with proposals to increase the pay of teachers and state employees 10 percent and extend the school terms from six to seven months.

MISSISSIPPI SOLONS VOTE BEER, WINE BY WEIGHT JACKSON, Miss., Feb. 14. (AP)—By a vote of 25 to 17 the state senate late today passed a house-approved measure legalizing sale and manufacture in Mississippi of four per cent beer and wine by weight. Only slight changes were made in the house bill through amendments of a perfecting committee.

Representative Joe May, author of the house measure, said the lower branch of the legislature "will readily concur in the amendments and the bill will be in the hands of the governor next week." The measure would become law immediately after being signed by Governor Sennett Conner.

QUAKE IN SEA SPREADS TERROR IN PHILIPPINES

MANILA, P. I., Feb. 14. (AP)—Manila residents were momentarily panic-stricken at noon today when northern Luzon island was shaken by an earthquake, centering 200 miles off its northern extremity in the China sea.

SARG'S MARIONETTES IN UNCLE REMUS TODAY

By the Associated Press.

Tony Sarg and his Marionettes, the most famous entertainment of this type in the world, will be seen twice today at the Woman's Club auditorium.

The presentation of the Sarg Marionettes in Atlanta is under the auspices of the Parent-Teacher committee. They will be seen today at 3 and 8 o'clock at the Woman's Club, and especially for the children of the schools on Friday afternoon at 3 o'clock in the Bass Junior High auditorium. Friday night at 8 o'clock the Joe Brown Junior High auditorium and on Saturday, at 3 o'clock, in the Russell High auditorium at East Point.

The tales of Uncle Remus have been translated into 14 different languages, including the Chinese and Japanese. Millions of copies of the tales have been sold and, after more than 50 years, royalties are still being paid on the books.

For several years the Tony Sarg Marionettes have held a unique place in the hearts of children. They are more than ordinary puppet shows. In addition to the Uncle Remus stories on the programs to be given at the World's Fair features, inspired by the Century of Progress exposition at Chicago.

They will feature the evening before Van Zandt broadcasts over WSB at 10:30 o'clock. It is the third annual "Hello America" exercise.

Credit Association Compliments Ladies At Valentine Party

Featuring the valentine motif in beautiful decorations, the Atlanta Association of Credit Men entertained at a dinner-dance last evening at Druid Hills Golf Club, complimenting the ladies. Fred H. Sneed, secretary of the association, acted as master of ceremonies for this annual event and Dr. M. Ashby Jones, chairman of the association, gave the invocation.

Red carnations and narcissus arranged in effective heart-shaped mounds centered the decorations of the tables and small red hearts formed streamers across the tables. Red balloons added a festive note, while amusing valentines and clever novelties appropriate to the occasion were at each guest's place. A popular orchestra furnished a musical program throughout the evening.

Particularly outstanding was the grand march, which was led by Mr. and Mrs. W. B. Williamson Jr., assisted by Mr. and Mrs. F. B. Ramey. Mrs. Williamson was attractively gowned in filmy black chiffon trimmed with shining sequins, and a spray of orchids and valley lilies adorned her left shoulder. Mrs. Ramey wore a striking model of black crepe trimmed with red and gold lame, and her shoulder bouquet was of red roses and narcissus.

J. Tom Smith arranged the interesting program. Ben Blinn, Russian singer, appeared in native costume, and his vocal numbers included "Dark Eyes," "Russian Gypsy Folk Song," "La Golandrina" and "Martha." He was accompanied at the piano by Robert Myddleton. Dr. Marvin Pharr gave a humorous address on the gold situation and George A. Cole conducted an entertaining drawing contest.

Miss Woodsmall Arrives Today For Speaking Engagement Here

MISS RUTH FRANCES WOODSMALL.

Miss Ruth Frances Woodsmall, Y. W. C. A. national board secretary and authority on the changing status of women in the near east, arrives in Atlanta today and the Y. W. C. A. is arranging varied speaking engagements, whereby all Y. W. C. A. members and church women may hear the challenging message Miss Woodsmall brings direct from women in China, Japan and India.

A graduate of Wellesley, Miss Woodsmall has been in Y. W. C. A. work since 1917, displaying executive talent, organizing ability and magnetic personality. She did invaluable work both in this country and Europe during the World War and from 1919 to 1928 was in the near east as Y. W. C. A. leader and as secretary of the Eastern Mediterranean Federation of the Y. W. C. A. During a leave of absence from 1928 to 1931, Miss Woodsmall held a Rockefeller Foundation Social Science fellowship to study changing status of Moslem women.

Having been connected with the laymen's foreign missions inquiry helping to make a study of Christian missions in India, China and Japan, she has first-hand information on the enlightened thinking of eastern women and her book, "Eastern Women Today and Tomorrow," which is being studied in many church mission groups, pictures vividly the changing life conditions among oriental women.

Kappa Beta Chi To Be Entertained.
The Kappa Beta Chi, with Susan Morris, president, will be entertained at a Valentine party at the home of Mrs. George Gary on Mansfield avenue this evening at 8 o'clock.

The members of the club are Misses Susan Morris, Maude Bryant, Evelyn Grant, Pauline Rochelle, Ruth Craven, Katherine Arnold, Elizabeth Whiddon, Mesdames Cecil Brown, Frank Mitchell and George Gary. Mrs. Gary will be assisted in entertaining by her sister, Miss Martha Dailey.

Sigma Tau Deltas Will Give Dance.
Tau Delta chapter of Sigma Tau Delta sorority, of Decatur, will give a dance on Friday evening, February 16, in the Candler hotel ballroom, Decatur, from 9:30 to 12:30 o'clock. Members of Sigma Tau Delta and Sigma Epsilon chapters have been invited.

Members of the chapter acting as hosts include Misses Kattie Allen, Miriam Allen, Anne Ansley, Lillie Shepherd Davis, Kathleen Elkin, Mary Brooks Folger, Sam Olive Griffin, Anne Kirkland, Lorine Kirkman, Helen Kirkpatrick, Olive Morgan, Mary Phaup, Ruby Steele, Lois Summerour, Alice Walker and Phoebe Young.

North Atlanta O. E. S.
North Atlanta Chapter No. 36, O. E. S., will sponsor a benefit dance Saturday evening, February 17, at Hurst hall, on Pine street, from 8:30 to 12 o'clock. The public is invited. Admission will be 25 cents per person.

St. Cecilia Group Sponsors Benefit Lenten Recital

Hugh Hodgson will be featured in a Lenten recital for the benefit of the Ladies' Auxiliary of St. Luke's church on Monday evening, February 19, at the home of Mrs. Arthur Tufts, 1255 Clifton road. This concert, which will begin promptly at 8:30, will feature compositions by the three romantic composers, Mendelssohn, Schumann and Chopin. Included in the program will be the seldom heard "C minor Polonaise," of Chopin. Admission will be \$1, students 50c, and reservations may be made by telephoning St. Luke's tea room or Mrs. Arthur Tufts, Dearborn 2013.

Members of St. Cecilia's Guild, who are sponsoring this concert, are Mrs. Hal Davidson, chairman; Mesdames Robert Alston, Reuben Arnold, Herbert Alden, Alvin Cates, Charles Chalmers, E. E. Dallis, Rufus Darby, Charles Danner, John Glenn, John Goddard, Sam Falley, Strother Fleming, J. W. Goldsmith, Ewell Gay, Van Holt Hall, John Horn, Stephen Lee, R. W. Johnson, Richard King, William B. Lamar, L. B. Lockhart, Philip L'Engle, Ted Morrison, Dan McDougall, P. T. Marye, Floyd McKee Jr., Jessie McKee Nunnally, Tom Waine, Robert Parker, Robert Pogram, Andrew Nicholson, H. U. Randolph, George Selden, Allan Stanford, John Reid, John Slaton, Stanton Threlkell, Westervelt, Technum, Arthur Tufts, J. J. Osborne, John Moore Walker, Ray Werner, Gilbert Beers, Henry Troutman, and Miss Louise Reid.

SOCIETY EVENTS

THURSDAY, FEBRUARY 15.

Mrs. Clarence Wayne will entertain at a tulle tea honoring Miss Martha Claire Wayne.

Madame Maria Jeritta and Walter Gieseking will appear in a joint recital at 8:30 o'clock at the city auditorium.

Yaarab Social Club will entertain at a dance at the Shrine mosque.

A stag smoker and buffet supper will be given in the Spanish room of the Shrine mosque honoring the visitors to the southern division conference of the Delta Tau Delta fraternity.

Kappa Beta Chi's will be entertained at a Valentine party at the home of Mrs. George Gary, on Mansfield avenue, at 8 o'clock.

Mrs. J. W. Johnson will entertain at a luncheon honoring the Cedar-town Club at her home, 955 Adair avenue, N. E., at 12 o'clock.

Pierre de Lanux, director of the Paris office of the League of Nations, will lecture on "Henri IV" at Emory University this afternoon at 2:30 o'clock before the Alliance Francaise. At 1 o'clock, preceding the lecture, Monsieur Lanux will be the guest of the Alliance Francaise at a luncheon in the Emory cafeteria.

Georgia Alpha chapter of the Phi Delta Kappa fraternity entertains at a script dance this evening from 9 to 12 o'clock at Peachtree and Third streets.

Young Matrons' class of Gordon Street Baptist church will give a progressive dinner this evening.

A minstrel show, sponsored by Oakhurst P. T. A., will be given at Oakhurst club auditorium this evening at 8 o'clock.

Samuel R. Young P. T. A. will sponsor a Valentine play given by the pupils of Mrs. E. C. Curtis' music appreciation class in the club auditorium this evening at 7:30 o'clock.

Daniel Matthews entertains a group of children at a party this afternoon at his home on Oakdale road.

Atlanta Parent-Teacher Council sponsors matinee and evening shows of Uncle Remus characters by Tony Sarg's Marionettes at the Atlanta Woman's Club auditorium.

Circle No. 4 of St. Paul Missionary Society gives a Valentine tea at the church this afternoon from 3 to 5 o'clock.

Newspaper night will be featured at the dinner-meeting of the Atlanta Writers' Club this evening at 7 o'clock in the ballroom of the Atlanta Woman's Club.

A luncheon for the presidents and officers of the Atlanta Association of the B. W. M. U. will be held at the Inman Park Baptist church, preceded by a meeting at 11 o'clock.

City of Atlanta Council No. 2, Daughters of America, will entertain at a Valentine party this evening at the Inman Park Baptist church, preceded by a meeting at 11 o'clock.

Mrs. Maynard Smith entertains at 5 o'clock at her home on Westminister drive, honoring the ninth birthday of her daughter, Elodia Smith.

Writers' Club Honors Miss Steedman.
Poetry forum of the Atlanta Writers' Club will meet in the palm room of the Atlanta Woman's Club on Sunday, February 18, at 3 o'clock. Clarence L. Haynie, chairman of the group, will preside.

The honor guest will be Marguerite Steedman, well-known young Atlanta writer. Miss Steedman was twice winner of the 1932 poetry prize offered by the Atlanta Writers' Club, of which she is corresponding secretary. Her work has appeared in numerous magazines and periodicals as well as in several anthologies.

The chairman of the group requests that members of the forum bring original manuscripts for criticism and revision.

TAKE BLACK-DRAGHT FOR THESE SYMPTOMS.
Constipation may be attended by "biliousness," sick headache, distended coated tongue, poor appetite, bad taste in the mouth, bad breath, sensations of fullness after meals, eruptions of the face, flatulence, distention of the abdomen, physical and mental sluggishness, etc. Take purely vegetable Theodore's BLACK-DRAGHT at first sign of constipation.

SMITHIES BEAT PURPLE TO WIN CITY CAGE TITLE

Tech High Noses Out Rivals, 39-38 To Cinch Honors for Year.

By Roy White.

Tech High won the city prep basketball championship with a well-earned 39-38 victory over Boys' High Wednesday afternoon on the Henry Grady court. The Smithies have one more game with the Purples and are undefeated in city competition. Boys' High bowed even in its two-game series with the G. M. A. and a victory in the remaining game with the Smithies will still give Tech High the crown.

Wednesday's battle was the best of the year and was witnessed by the largest prep basketball crowd of the season. Every seat in the Grady gymnasium and all standing room available was taken.

Both teams started their strongest lineups and each made two substitutions. One player from each team was ejected from the game because of four personal fouls.

Except for the latter part of the first period when the score was tied at nine-all and early in the second quarter when Boys' High enjoyed a one-point lead, Tech High held a slight advantage all the way. That advantage was none too comfortable for the Purples because of a couple of field goals of tying the score throughout the game.

Tech High's scoring was well divided with Captain Pittman and Tinsley scoring nine points each, Towery eight, Schutte seven and Watson six. The guarding and recovering the ball from the backboard by Watson was good for Tech High, while the entire team passed well.

Captain Maffett won scoring honor of the afternoon with 12 points. He scored three long goals on successive shots early in the second half and followed that ball like a hawk. Kelly played well at guard and scored nine points for the Purples.

In the first half Boys' High took many more tries at the baskets than Tech High, but were trailing, 20-17, at the intermission.

Tech High increased its effectiveness in the third period, but began a barrage of field goal tries late in the game that cut the percentage of good shots down considerably.

Tech High made seven field goals out of 34 tries in the second half, while Boys' High made eight good out of 38 tries. Tech High's advantage in the second half was in the foul goal attempts.

Georgia 'Coon Slated for Job As Sox Mascot

By Jimmy Jones.

A young Georgia coon, just about half grown right now, is a good chance of becoming the mascot for the Chicago White Sox ball club next season, whether he knows it or not.

At least this is the plan of the coon's owner, Luke Appling, who is the crack shortstop of the Sox. A few weeks ago, Luke went on a hunting expedition to the Okefenokee, along with two friends, F. H. Moon and Lovett Hoag, of Atlanta.

It was meant to be a rabbit hunt, but once in the deep shadows of the Okefenokee, the trio of Nimrod began running across all sorts of animals, including an 18-foot otter, whose glossy pelts was brought back as a trophy by the coon hunter.

Luke later ran across the young coon, which he found caught in a steel trap. He extricated the little fellow. Why to find that one of his forelegs was badly mangled. Being a very kind and humane young man, Luke bandaged the coon's injured paw and brought it back to Atlanta with him as a household pet.

The last time the writer inquired as to the health of the coon, Luke reported his four-legged charge doing splendidly.

"He has only one fault," said Luke, "and that is that he insists on gnawing the bandage off the leg as fast as we put one on."

A few days ago the coon escaped and Luke was afraid that it had gone back to the forest. But investigation proved that it had wandered no further than a neighbor's henhouse, where the culprit was recaptured.

Luke added that the coon is taming easily, however, and showing signs of becoming a very good mascot. If the leg mends, he may carry his pet to the Chicago club in great shape and hopes to better his .323 batting average of last season, if possible.

That average, however, was the best compiled by a big league shortstop.

Asa Wall Signs Atlanta Contract

Signed contract No. 8 found his way into the office of the Atlanta Crackers on Ponce de Leon yesterday. It was that of Asa Wall, strapping young outfielder who played in several games with the Crackers last year and knocked two home runs.

Wall, who resides in Cocoa, Fla., is an ex-pupil of Frank Anderson at Oglethorpe. The Crackers may try him out as a pitcher this year, although he was quite a hitter in the semi-pro league where he played before coming here.

Business Manager Earl Mann stated that he expects answers from 23 contracts sent to players Saturday.

BREAK O' DAY!

By Ralph McGill

The Day the Morticians Arrived at Max's Camp--That Was a Day!

It is extremely unlikely that I shall ever forget Max Schmeling, who Tuesday night came to the end of his dream before the fists of Steve Hamas.

It was the second raw, crude youth, hungry for fame, fortune and the spotlight, that Schmeling had met. And they are always tough, the young fellows wanting room at the top.

But I shall never forget Max Schmeling for another reason. Because the most bizarre, shuddering sight I have ever seen was connected with his training camp at Conneaut Lake park before he fought W. L. Stribling.

I have been asked often to name the most unusual and bizarre sight I ever saw in sport. And I always go back to one day at the Schmeling camp.

The training headquarters at Conneaut Lake park were a great old frame building. There was a huge lobby and a rambling veranda.

Schmeling was housed in a cottage near by and was living quite comfortably. The entire set-up, for Stribling and Schmeling, was the most unusual in heavyweight history. Both were at amusement parks. And there was daily the mechanical music of the merry-go-round, the pop-pop-pop from the shooting galleries and the yelps of the barkers.

But it was three days before the fight that the bizarre event occurred.

THE MORTICIANS ARRIVED.

The morticians of that section of Pennsylvania arrived three days before the fight for their annual convention.

And when the first day of their meeting dawned their exhibits were all there and on view. There were caskets of all sizes and shapes around on the veranda and in the lobby. They gaped.

Anywhere one turned there was one on view with the lid all back. And the silk lining, which is always a very dreary color indeed, was much in evidence. The morticians, big and little fellows, but all of them hearty salesmen, were around selling their goods to the buyers. There were tables around with bottles of various colored fluids.

And there were wreaths of all kinds, metal, rubber and those of fake or artificial flowers. It was the most shuddering time I ever spent, wending one's way through the displays. And I recall that Joe Jacobs, who was Schmeling's manager, was quite upset about it. But there was nothing to be done about it. The convention was quite gay and there was a lot of stuff consumed out of bottles. But the displays on the tables seemed to last all night. They didn't drink them.

THERE WAS A GAG PLAYED.

There was a gag played while there that had a curious ending. The newspapermen there covering the training camp had a gay time of it themselves, posing as buyers of merchandise and making some of the morticians angry.

But the gag was the stealing of a large wreath of fake flowers with a ribbon across it reading, "To Our Friend."

It was placed at the head of the bed of one of the newspapermen there. He was quite upset about it when he awoke the next morning and found the wreath. He tossed it out the window onto the lawn and remonstrated with his fellows.

It was something of a shock to read, a few weeks later, that this newspaperman had died. I suppose it was only a coincidence.

But I will never forget Max Schmeling's camp, with the music from the merry-go-round, the bang, bang, bang, pop, pop from the shooting galleries and the bark of the barkers. And on the veranda the caskets and the wreaths and the bottles of various fluids.

HE IS A GREAT BOY--SCHMELING.

He is a great boy--Max Schmeling. I saw him beat W. L. Stribling, lose to Sharkey and lose to Baer. He could plod, plod after a man. And when he was tired he could go in and make the kill.

That is why he was such a success with boxers. But when he met a great one such as Sharkey was he didn't look so good. He had Sharkey half blind. He plodded and plodded for 13 rounds, but when he came to the time to make the kill he couldn't do it. Sharkey had too many gloves.

And when he fought Baer he lost his confidence in the second round. He caught Baer with his Sunday punch in that round--a right hand to the jaw. And Baer's big, ugly mask was blank for a moment. But he shook his head and came on, hammering Schmeling in the body and the head.

I watched the red splashes grow on the German's body just over the kidneys. And I watched his grin lose its confidence.

It wasn't much surprise when he finally slumped across the ropes with Baer hammering him. He reeled off them and Baer drew back a right but the referee stepped in. It was all over.

IT WAS ALL OVER THEN.

It was all over then, but he would not believe it. He had to meet another tough young fellow, wanting the money and the fame and the attention the heavyweight title brings.

They are saying now that Schmeling was never any good. He was never a great fighter, but he was a good one. He had a technical knockout over Johnny Risko when the Cleveland boy was about as tough a foe as there was. And he decimated Paulino Uzcudun when the Basque was tougher than he was a few months ago when Primo Carnera could do no better than win a decision.

He could never fight a hitter. Because his style was to plod after a boxer, picking him to pieces at long range. And then, as a matador waits until the bull's shoulder muscles are all gone before he tries for the kill, he would go in and knock them down.

But a hitter who came at him all ways worried him. (They will worry anyone, those hitting fellows.)

He's a great boy. A good, clean fellow who has kept his money. It wasn't so many years ago that he arrived in this country famous merely because he looked like Jack Dempsey.

He'll pick up some more money, lose some more fights and go home. I hope, for his sake, he doesn't run afoul of his government.

But I'll never forget Max Schmeling. And that Conneaut Lake park morticians' convention.

TECH DEFEATS TIGERS, 24 TO 20, IN CLOSE GAME

Leon Woodall Leads Jackets to Win With 12 Points.

Leon Woodall, Tech's lanky forward, was shifted to center last night for the game with Auburn and shot the Jackets to their second victory of the season over the Plainsmen, 24 to 20.

Woodall sent the ball swishing through the mesh for six field goals and a total of 12 points for the evening. The closest man to him in accuracy was Billy Glenn, tall guard, who netted five points.

OFF IN SHOOTING.

The Auburn team guarded fairly well but was away off on its shooting. The Jackets led at the half, 14 to 10, and the second period was half over before the Tigers could find the range.

The Plainsman did threaten to tie the score in the latter stages, however, a field basket by Barnes and Atrial pulling the Tigers to within two points of the Tech lead, but another goal by Woodall clinched it.

The Jackets killed time effectively with their weave pass in the last three minutes.

The game was rough at times and Referee Sammy Glassman had to keep a close check. Sammy did a very good job of it, too.

GEORGIA NEXT.

Tech's next game is with Georgia Saturday night at the auditorium. The contest will be the "rubber" of the three-game series between the Jackets and Bulldogs.

GOLF FACTS NOT THEORIES

By ALEX. J. MORRISON

Most people seem to it that they have comfortable shoes for golf.

But very often they overlook the height of the heels on their shoes. Women know that they are not supposed to wear high heels on the course.

Nevertheless, they'll wear them just as high as the greenkeeper will allow. And men will wear shoes with no heels at all.

Either extreme represents quite a handicap in maintaining the proper body balance throughout the swing. The weight should be evenly balanced between the ball and heel of the foot.

Too much weight on the ball of the foot or on the toes will upset the swing just as quickly as having too much weight on the heels.

Cruselle, Mauldin Meet at Lakewood

Bill Cruselle meets a formidable opponent, Gentleman John Mauldin, in the main event, at the Lakewood Heights arena tonight. There has been considerable rivalry between these two wrestlers and last week Mauldin challenged Cruselle to a finish match.

Cruselle accepted the challenge and in the opening match I found a Sou Almond, who has won all of his matches lately, is matched with Chief Lakeside, Sioux City, S. D., in the semi-final match. Both of these men weigh around 190 pounds.

Young London, one of the best wrestlers in Atlanta, is matched with Eddie Wagner, former navy champion, in the opening match.

It is an attractive card and the fans should see plenty of action tonight at Lakewood.

Lakewood Heights arena is located at the junction of Jonesboro road and Lakewood avenue and is well heated.

The program starts at 8 o'clock.

In Georgia's GREAT Outdoors

I am very much pleased with the enthusiasm and the devotion of the state in protecting game. At the Albany field trials last week, where sportsmen from all over the state were gathered, I found a most encouraging attitude toward game protection and propagation. These men are representative of all the real sportsmen, and we shall make it our job to improve them tremendously. We have the foundation; now we must build upon it wisely and well for the future enjoyment of the fine citizens of the state.

ZACK CRAVEY, Commissioner.

THE SPORT PARADE

Head, Heart and Arm--That Was Big Six in His Prime

Underwood & Underwood photo.

There was only one Matty--only one. For Christy Mathewson, of the New York Giants, was something more than one of the game's greatest pitchers. The young Bucknalian brought class and character to baseball beyond all others. For a combined mixture of brains, courage and skill he stood alone in the rifle pit. His baffling fadeaway still dances before the old-timers of another day. Matty has just scored here in a World Series game of 1911 as you see him signaling a Giant mate to slow down at the plate. (Copyright, 1934, by Grantland Rice and The Constitution.)

Mehre Is Unimpressed With Rules Changes

Georgia Coach Says Multiple Kick Will Be No More Effective Than Quick Kick.

By Ralph McGill.

Mr. Harry Mehre's dulcet tones came clearly over the wires: "They don't mean a great deal."

The Georgia head football coach had just been asked about the new football rules, passed in Atlanta on last Sunday.

They did not impress Mr. Mehre as being of much importance. "But surely," said the inquiring reporter, "the new multiple kick will mean an important addition to football?"

"I don't think so," he said. "Why should it?" "Well," said the reporter, fumbling with his words, "you see it is new and it should add to--"

IT'S NOT NEW. "But it isn't new," said the Georgia coach. "Harvard used it some time ago. It was effective then because it was new. But not now. It will be no more effective than a quick kick. And don't underestimate what I say. The quick kick can be plenty effective. What I mean about the new rules is, they don't mean a thing more than what we already had."

"Teams will be watching for the multiple kick just as they try to watch for the quick kick. So, I do not see where it will amount to any more than the quick kick."

"What about the new rule allowing an incomplete pass into the end zone?" Asked the reporter. "Well, I think that may mean a few more touchdowns but they will be evened up, or I hope they will at any rate."

FIRST SCRIMPAGE. So that was that. The talk turned to other things.

The first Georgia scrimmage will be held today. There will be no immediate effort to replace Ted Twomey, the tackle coach, who resigned to join Chet Wynne at Kentucky as assistant coach.

Fact is it will probably be summer before anything is done about the new line coach at Georgia. They can go ahead with spring practice without one.

All this talk of the quick kick brought to mind the fact that in Johnny Bond, the Toccoa boy, Harry Mehre has one of the best quick-kick lads in the game.

I would not be greatly surprised to see him doing some of that multiple kicking next fall.

West Georgia Loop Holds First Meet

VILLA RICA, Feb. 14.--Five of the original eight members of the West Georgia league were represented at the first meeting of the season here tonight. Frank Anderson, who was re-elected president, was in charge.

Villa Rica, Clarksdale, Bowdon, Douglasville and Dallas were the teams represented. It is the desire of the league that the other three teams, Marietta, Canton and Smyrna, be back in the league this year.

There will be another meeting Wednesday night at 8:30, at the Marietta courthouse. It is hoped that the three missing members will be represented at this meeting. All other teams interested in entering the league are invited to have representatives present.

Billy Wilson, at the Bobby Jones Club, thought that, while there were many fine feminine golfers, there were not enough of them who were advanced far enough to teach the game. And he agreed with Beckett and Sargent.

Jimmy Livingstone, of Ingliside, got his scotch burrs going strong. "Why can't a man teach a lady how

ATLANTA BOY IS CONSIDERING TERMS FOR 1934

Luke Will Report to Chicago Camp on February 25.

By Jimmy Jones.

Luke Appling, former Oglethorpe University star athlete and considered the finest young shortstop in the major leagues, has received his 1934 contract from the Chicago White Sox, calling for an increase in salary and is now pondering its contents preparatory to signing.

"It's a good contract," Luke admitted yesterday, "but I always like to think things over before putting my name on the dotted line."

While Appling did not mention the figure, it is a known fact that he was among the list of Sox put down for a substantial increase in salary. He came through in a big way for the Sox last year, batting .323 and rivaling Joe Cronin of Washington, with his fielding brilliance.

A BARGAINER. Appling, it may be recalled, also is one of the cleverest bargainers among baseball's younger players. He received a handsome sum as his share of the sales price when he went to Chicago and a bonus for signing with the Crackers.

"I'll probably do something about it in the next few days, but there's plenty of time," Luke told this reporter yesterday. He did not intimate that he would return the contract or that he was particularly dissatisfied with its terms.

"No, I'm not a holdout, don't get me wrong," Luke added. "I've had the contract for several days and am just thinking the thing over."

Several clubs, including the New York Yankees, sought to buy Appling from the White Sox during the winter trading season. But Louis Comiskey, the Sox owner, declared that he was not for sale at any price.

It was understood that Colonel Ruppert of the Yankees was ready to shell out \$50,000 for the young Atlanta's services. But even that figure was declined by the Sox, who also are trying to build up.

TREAT HIM WELL. "I know I had a good season and thought I would get the boost in pay; it may be quite what I expected, but the White Sox have always treated me very well," Luke stated.

Appling is in great condition and is looking forward to another fine season. He has been keeping in shape hunting in south Georgia and playing basketball with a team in Atlanta. He expects to go to the White Sox camp at Pasadena between February 25 and February 28.

"We ought to have a good club this year if we can get the pitching. Earnshaw is due for a comeback, and then, we still have Teddy Lyons, Old Man Eber, Durham and a few other veterans, not to mention several good looking young pitchers--who ought to help," he said.

Appling also thinks that Al Simmons will return to his old peak as a hitter with the revision in the layout of the grounds at the Sox park, shortening the distances to the fences.

"Al never liked the fence there and I believe he'll be better satisfied this year," Luke concluded.

FOUR DOGS BID NUNNALLY WINS SILVER SHOOT

ALBANY, Ga., Feb. 14.--(P)--Four dogs today had made bids for first place and \$1,000 which goes to the victor in the continental field trials which finished the second day of the all-age stake.

Heading the list of championship possibilities was Shanghai Express, gallant pointer owned by Dr. F. H. Lahey, of Boston, and winner of the recent amateur quail championship.

The dog roved in a pleasing manner and exhibited the same class which carried him to victory last week. Although off to a bad start, Shanghai Express finished brilliantly and had three bery finds to his credit.

Norian Roy Jr., who finished second in the Continental Derby yesterday, matched Shanghai Express' hunting by finding three berys himself. The dog is owned by W. C. Teagle, of New York.

Dremlin, entered by Jacob France, of Baltimore, hunted well today but was lost for a portion of the heat, thereby damaging his chances.

Yesterday Sellars Redenburg's Yankee Doodle Jack took top honors in the first heat of the all-age stake and observers believed the championship lay between him and Shanghai Express.

MIAMI VS. VANDY. MIAMI, Fla., Feb. 14.--(P)--Thirteen University of Miami wrestlers and boxers left today for Nashville, Tenn., where they will meet Vanderbilt Saturday in their first collegiate competition of the season.

FIRST ARRIVALS.

MIAMI BEACH, Fla., Feb. 14. (P)--First of the Giants to arrive at the spring training, Bill Schumacher, pitcher, and "Big Boy" Fran Horstner, were here today. The remainder of the New York team was expected here about March 1. The champions Giants will train at Flamingo Park.

LADY GOLF PROS?--"HORRORS NOI"

Men Can Teach Women Golf Game, They Say.

By Ralph McGill.

On Tuesday Mr. Gene Sarazen, one-time open golf champion, announced that men couldn't teach the ladies how to play golf. And that what the ladies needed was a supply of feminine golf professionals.

On Wednesday the Atlanta golf professionals and leading members of the Atlanta Women's Golf Association said that Mr. Gene Sarazen was all wrong.

George Sargent, at East Lake, said that Mr. Sarazen's trouble perhaps was that he had attempted to teach Mrs. Sarazen how to play golf and here tonight, Frank Anderson, who was re-elected president, was in charge.

Howard Beckett, at Capital City, thought the same thing. He also thought the ladies (God bless them) might not care to take orders from another woman.

Billy Wilson, at the Bobby Jones Club, thought that, while there were many fine feminine golfers, there were not enough of them who were advanced far enough to teach the game.

Jimmy Livingstone, of Ingliside, got his scotch burrs going strong. "Why can't a man teach a lady how

SARAZEN.

to play golf?" he asked. "A man has taught all the champions. Stewart Maiden did a fair job. I'd say,

TARZAN THE INVINCIBLE No. 142

Deep into the jungle to a hidden glade, Tarzan carried his helpless friend, and there he placed Tarzan gently on soft grasses beneath the shade of a tree. Little more could the great bull do other than to stand guard with upraised ears, alert for any menacing sound.

His wound annoyed Tarzan less than the pangs of thirst. To little monkeys watching him from the tree he called, "Come, Manu, untie the thongs that bind my wrists." "We are afraid," said an old monkey. "Tarzan has been your friend; he will not harm you," said the man.

"We are afraid," repeated the old monkey. "For many moons the jungle has been known Tarzan; but other Tarmanians came and with thunder-killed him. We are afraid, said an old monkey. "Tarzan has been your friend; he will not harm you," said the man.

Seeing that it was futile to appeal to Manu, Tarzan, as a forlorn hope, voiced the long, plaintive, uncanny help call of the great ape. With slowly increasing crescendo, it rose to a piercing shriek that drove far and wide through the silent jungle.

Announcements
